

May 30, 2018

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-2017 educational progress for Metro Charter Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Tammy Isaac for assistance.

The AER is available for you to review electronically by visiting the following web site <http://www.nhaschools.com/schools/metro> and clicking on the "Annual Education Report" link at the top of the page or you may review a copy from the school's office at your child's school. You may also access the AER by clicking here: <https://goo.gl/GbrZem>

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was identified as a Targeted Support and Improvement School.

The 2016-17 data revealed key challenges in a few areas, which includes the consistence in enforcing, modeling and communicating Moral Focus virtues, strengthening of classroom culture, student's cognitive engagement, and student's attendance.

The focus on consistence of Moral Focus virtues and strengthen classroom culture are closely tied together. In order to achieve these goals the school will have expectations for Moral Focus by monitoring the teaching of the lessons and the staff incorporating the Moral Focus language daily. The second part of achieving this goal is having the expectations set for restorative practice by using questions and the "Welcome back" model for the student who have behaved out. Thirdly, the school will have Students Behave With Care expectations, which will include a creation of a behavior mentoring program.

Our focuses on increasing cognitive engagement starts with providing staff with cognitive engagement training, research, checklists and classroom observations. Included in all the goals is a focus on staff instructional rounds observations. During the instructional rounds, staff will be looking for evidence of the implementation of goal areas. After the instructional round cycle

competition information will be gathered and assessed. Then based on the areas of need future training will be provided.

We have continued to monitor and create incentives for student attendance. We are providing materials on the importance of student's school attendances to parents through parent meetings and written communication.

State law requires that we also report additional information.

## 1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

### 2016-2017

Metro Charter Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

The school's Open Enrollment period begins on the first day of the current school year and ends at 5 p.m. on the last day of business in February of the current school year. During this Open Enrollment period, all applications receive equal consideration regardless of the date submitted. At the close of Open Enrollment, all applications received during the Open Enrollment period will be counted. If applications received are fewer than offered seats in each and every grade level, all applicants will be accepted and will receive a notice of acceptance into their respective grades. If the number of applications received exceeds the number of offered seats in any grade level, a random selection process will take place for all affected grade levels. Names are randomly selected until all offered seats have been filled. Any remaining names are selected to establish waiting list priority. Applications received after the Open Enrollment period will be accepted until the end of the current school year and available seats will be filled.

Once students are Enrolled and remain Enrolled, they will remain eligible to be Re-Enrolled at the school for successive years without having to re-apply. However, they will be requested to complete a re-enrollment form by the end of the Open Enrollment period showing their intent to Re-Enroll for the subsequent school year. All applicants on a waiting list must submit an application for the following school year during the next Open Enrollment period.

In an effort to accommodate parents who have more than one child eligible for enrollment, siblings of accepted and currently Enrolled students are given enrollment priority over children who have no such siblings. Siblings of currently Enrolled students at the school will be drawn first in the random selection process, if one is necessary, for offered seats. In addition, if a child is selected during the random selection process, that child's sibling will be offered an available offered seat or the next spot on the waiting list in his/her respective grade. Though siblings are afforded priority for offered seats, they are not given priority over a previously Enrolled student.

In addition to sibling preference, children of staff members employed at the school working a regularly scheduled minimum of 20 hours per week (at least 0.5 FTE) or children of current board members are given enrollment priority. Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

## 2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

2016-17

<https://www.nhaschools.com/schools/metro-charter-academy/en/school-operations>

### **A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum**

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2017, the school reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
- Student demographics
- Discipline, tardy, truancy, and attendance rates

- 
- Parent surveys
  - Staff surveys and teacher quality information
  - Programs and processes Data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

**B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area**

We are using Common Core Standards and proven curriculum tools to provide quality instruction on a daily basis. We continue to use many approaches across all grade levels to remediate and challenge all students, and through the use Common Interim Assessments, State Test data and NWEA Learning Continuum we plan specific and rigorous instruction. In order to maintain and increase proficiency in all subject areas, we will continue to utilize instructional grouping to help us better meet the needs of our students. We also utilize an academic specialist and paraprofessionals to meet the needs of our at-risk students.

**C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.**

The school improvement plan was implemented and continues to do what we set out to do. Overall, our school improvement plan set out to move students forward in all academic areas. We continue to implement many concepts to aid in this including enrichment and intervention time school-wide for students who are below grade level.

The School Improvement Team formally reviewed progress against its 2016-17 SIP goals and objectives in spring 2017, as part of its preparation for the 2017-18 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

**D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year**

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies

**E. How was this year's school improvement process similar or different from last year's process?**

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

2015-2016

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

**3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL**

2016-2017

Metro Charter Academy opened on August 23, 2000, providing education to students in grades K-5. The school opened in a new facility, which was expanded for the 2001-2002 school year. The school year ended with 352 students in 2001 and enrollment has increased each year. We ended the 2016-17 school year with 730 students in grades K-8. At Metro Charter Academy, we believe in a structured academic environment that incorporates a rigorous curriculum with inventive approaches to learning. Our faculty is committed not only to the educational development of the child, but in creating youngsters with high moral character and a drive to

contribute to their community. Through an active partnership with parents, we are equipping students of Metro Charter Academy for success in high school, college, and beyond.

Metro Charter Academy places a strong emphasis on parent involvement and student responsibility. Metro has the following pillars as its foundation: Academic Excellence, Moral Guidance, Parental Involvement, and Student Responsibility. Metro Charter Academy prides itself on providing a positive learning environment for all children. Children learn the academic skills and the moral and ethical values needed to become good human beings and productive, successful adults.

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

#### 2016-2017

Our goal of preparing students for college success has required us to take a unique view in terms of our curriculum. Our goal is to graduate students who have not only had the opportunity to experience academic excellence, but have acquired the knowledge and skills necessary to be successful in high school and college. What makes our curriculum particularly unique is that it has been developed to support state standards with a college-bound approach.

Our curriculum was developed based on the analysis of standards and assessment experts across the nation, including groups such as National Assessment of Educational Progress (NAEP), ACT®, Achieve, Inc., the Thomas B. Fordham Institute, the National Council of Teachers of English, The National Mathematics Advisory Panel, the American Association for the Advancement of Science, and the National Council for Social Studies. This analysis,

conducted by National Heritage Academies, comprehensively researched what students need to know to be successfully prepared for rigorous high school and college educational programming. NHA then worked backward to develop a curriculum that defines the expertise needed by students in kindergarten through eighth grade to enter high school on the path to college readiness. Since college readiness goes beyond academic preparedness, the curriculum not only includes learning goals in core academic and co-curricular areas, but also includes an integrated character development component.

The curriculum's objectives are aligned to those identified by the Michigan Academic Standards: both the Common Core State Standards (CCSS) and the Grade Level Content Expectations (GLCE). Moreover, all students are expected to reach the CCSS and GLCE goals. However, modifications/accommodations are sometimes necessary to ensure learning for all students. This support comes through classroom differentiation, in-class support services, targeted programmatic resources, out of class intervention, and out of school time opportunities—all of which are designed to accelerate student growth trajectories.

The only variance in our curriculum when compared to the Michigan Academic Standards is the addition of a Moral Focus component. We believe great schools develop both a student's heart and mind, and the Moral Focus program is designed to support parents' efforts to teach character at home by reinforcing and modeling universal human virtues, such as compassion, respect, and integrity. This Moral Focus program is explicit and integrated with the school's core curriculum. A different virtue is featured each month of the school year. Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

This Moral Focus program is explicit and integrated with the school's core curriculum. A different virtue is featured each month of the school year. Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

In 2016-2017, our curriculum is fully aligned and implemented using the Common Core State Standards and the Michigan Grade Level Content Expectations (GLCE) as the foundation.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

2016-2017

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2016 to spring 2017.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2017 administration of the NWEA MAP assessment.

2015-2016

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2015 to spring 2016.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2016 administration of the NWEA MAP assessment.

6. IDENTIFY THE NUMBER AND PERCENT OF STUDENTS REPRESENTED BY PARENTS AT PARENT-TEACHER CONFERENCES

2016-2017

<b>Parent-Teacher Conferences</b>			
	<b>Grades</b>	<b># of Students Represented</b>	<b>% of Students Represented</b>
<b>Fall 2016</b>	K-8	701	93.7%
<b>Spring 2017</b>	K-8	690	94.7%

2015-2016

<b>Parent-Teacher Conferences</b>			
	<b>Grades</b>	<b># of Students Represented</b>	<b>% of Students Represented</b>
<b>Fall 2015</b>	K-8	714	93.7%
<b>Spring 2016</b>	K-8	721	98.2%

7. SCHOOL YEAR HIGHLIGHTS

- M-Step Results:
  1. Metro Academy exceeded the following local districts on the state M-Step performance:
    - Exceeded Romulus Public Schools in all grade levels in both ELA and Math.
    - Exceeded Wayne Westland Community Schools in all grade levels in both ELA and Math.

- 
- i. Metro is the educational leader in comparison to the local surrounding public-school districts.
  - Student Leadership:
    - 1. NJHS (National Junior Honor Society) inducted many new members during the 2017-2018 school year. Students who were accepted had to complete an application that was presented to a committee of teachers. The criteria for membership are as follows: Scholarship, Leadership, Service, Citizenship, and Character.
    - 2. Metro's ALP (Accelerated Learner Program) students excelled! To qualify for this program, students in 6<sup>th</sup> – 8<sup>th</sup> grades must score above the 85<sup>th</sup> percentile in reading and math for 2 or more consecutive years. These students show consistent growth and often enter into high school with math classes at the 11<sup>th</sup> grade level.
  - Parent and Staff Satisfaction
    - 1. Based on Parent Satisfaction survey results in the Spring of 2018, 95% of the parents believe that the math and reading instruction that is provided is good for their child and that based on the need of the child teachers make appropriate learning adjustments.
    - 2. Staff Loyalty results are again high. The percentage of staff members who are highly satisfied with their jobs is 70%.

We are looking forward to another rewarding and successful school year in 2018-19!

Sincerely,

Shelli Wildfong  
School Principal  
Metro Charter Academy
