

May 30, 2018

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-2017 educational progress for Plymouth Scholars Charter Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Kristine Gillespie for assistance.

The AER is available for you to review electronically by visiting the following web site <https://www.nhaschools.com/schools/plymouth/> and clicking on the "Annual Education Report" link at the top of the page or you may review a copy from the school's office at your child's school. You may also access the AER by clicking here: <https://goo.gl/5MepWn>

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

- Key Challenges:
  - Improve phonics instruction in grades Y5K-3 classrooms
  - Science instruction needs to continue to be improved.
  - Social Studies instruction needs to continue to be improved.
  - Improve subgroup academics (IEP, EL, At-Risk) achievement
  - Pre-conditions (attendance-staff/student, teacher attrition, student attrition,
- Key initiatives:
  - Improved summer learning program for scholars in our intervention program.
  - Teachers will use the NWEA learning continuum to help plan differentiated workshop activities for students.
  - Vertical planning meetings once a month where teachers from each grade level will be able to talk about the science instruction at their grade levels. They will be able to collaborate with different grade levels about units that are similar. This will help teachers to build on previous knowledge.
  - Teachers using the workshop model during instruction

- 
- Educating parents about the importance of their children having consistent attendance, allowing the school to provide the additional support needed to close student achievement gaps, and engage parents with events specifically for EL, at-risk support in all subjects (math, reading, science, and social studies).
  - Provide opportunities for teachers to engage in professional development that will continue to improve student achievement
  - Continue adding technological opportunities for students to remain engaged in achieving at/beyond their capacity.
  - Consistent and efficient at-risk/intervention program
  - Purchasing supplementary resources to support the core curriculum

State law requires that we also report additional information.

#### 1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

##### 2016-2017

Plymouth Scholars Charter Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

The school's Open Enrollment period begins on the first day of the current school year and ends at 5 p.m. on the last day of business in February of the current school year. During this Open Enrollment period, all applications receive equal consideration regardless of the date submitted. At the close of Open Enrollment, all applications received during the Open Enrollment period will be counted. If applications received are fewer than offered seats in each and every grade level, all applicants will be accepted and will receive a notice of acceptance into their respective grades. If the number of applications received exceeds the number of offered seats in any grade level, a random selection process will take place for all affected grade levels. Names are randomly selected until all offered seats have been filled. Any remaining names are selected to establish waiting list priority. Applications received after the Open Enrollment period will be accepted until the end of the current school year and available seats will be filled.

Once students are Enrolled and remain Enrolled, they will remain eligible to be Re-Enrolled at the school for successive years without having to re-apply. However, they will be requested to

complete a re-enrollment form by the end of the Open Enrollment period showing their intent to Re-Enroll for the subsequent school year. All applicants on a waiting list must submit an application for the following school year during the next Open Enrollment period.

In an effort to accommodate parents who have more than one child eligible for enrollment, siblings of accepted and currently Enrolled students are given enrollment priority over children who have no such siblings. Siblings of currently Enrolled students at the school will be drawn first in the random selection process, if one is necessary, for offered seats. In addition, if a child is selected during the random selection process, that child's sibling will be offered an available offered seat or the next spot on the waiting list in his/her respective grade. Though siblings are afforded priority for offered seats, they are not given priority over a previously Enrolled student.

In addition to sibling preference, children of staff members employed at the school working a regularly scheduled minimum of 20 hours per week (at least 0.5 FTE) or children of current board members are given enrollment priority. Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

## 2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

2016-2017

<https://www.nhaschools.com/schools/plymouth-scholars-charter-academy/en/school-operations>

### **A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum**

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2017, the school reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- 
- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
  - Student demographics
  - Discipline, tardy, truancy, and attendance rates
  - Parent surveys
  - Staff surveys and teacher quality information
  - Programs and processes Data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

**B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area**

- ELA
  - Provide more opportunities for teachers to engage in PD that will support teachers as they close the achievement gap
  - Continue to improve workshop opportunities so that students receive differentiated services during instruction
  - Schedule vertical teacher meetings to address gaps in achievement and standards being taught by grade level
  - Purchase resources to support ELA standards being taught
- Math
  - Provide more opportunities for teachers to engage in PD that will support teachers as they close the achievement gap
  - Continue to improve workshop opportunities so that students receive differentiated services during instruction
  - Schedule vertical teacher meetings to address gaps in achievement and standards being taught by grade level
  - Purchase resources to support Math standards being taught
- Science
  - Provide more opportunities for teachers to engage in PD that will support teachers as they close the achievement gap
  - Increase student hands-on experiments during science instruction
  - Increase non-fiction titles to be brought into ELA for cross-curricular opportunities for students
  - Schedule vertical teacher meetings to address gaps in achievement and standards being taught by grade level
  - Purchase resources to support Science standards being taught
- Social Studies
  - Provide more opportunities for teachers to engage in PD that will support teachers as they close the achievement gap

- 
- Increase non-fiction titles to be brought into ELA for cross-curricular opportunities for students
  - Schedule vertical teacher meetings to address gaps in achievement and standards being taught by grade level
  - Purchase resources to support Social Studies standards being taught

**C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.**

Yes.

The School Improvement Team formally reviewed progress against its 2016-17 SIP goals and objectives in spring 2017, as part of its preparation for the 2017-18 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

**D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year**

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

**E. How was this year's school improvement process similar or different from last year's process?**

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

2015-2016

**C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.**

Yes.

The School Improvement Team formally reviewed progress against its 2015-16 SIP goals and objectives in spring 2016, as part of its preparation for the 2016-17 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

**D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year**

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

**E. How was this year's school improvement process similar or different from last year's process?**

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

**3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL**

2016-2017

In 2016-17, Plymouth Scholars Charter Academy completed its 5th year of serving students and families in Plymouth, MI. PSCA is managed by National Heritage Academies and chartered through Bay Mills Community College. Plymouth Scholars prides itself on the positive climate and culture that is evident within the building for scholars, staff, and parents. With an emphasis

on Moral Focus Virtues and building positive relationships, Plymouth Scholars has been able to impact academic achievement of students. Our school mission is: As a PSCA family, we strive to make a positive daily impact, focused on the whole child, to create responsible, independent individuals who have choices in life.

#### 2015-2016

In 2015-16, Plymouth Scholars Charter Academy completed its fourth year of serving students and families in Plymouth, MI. The school graduated its second eighth grade class and will be adding its third section of eighth grade for the 2015-16 school year. PSCA is managed by National Heritage Academies and chartered through Bay Mills Community College. Plymouth Scholars prides itself on the positive climate and culture that is evident within the building for scholars, staff, and parents. With an emphasis on Moral Focus Virtues and building positive relationships, Plymouth Scholars has been able to impact academic achievement of students. Our school mission is: As a PSCA family, we strive to make a positive daily impact, focused on the whole child, to create responsible, independent individuals who have choices in life.

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

#### 2016-2017

Our goal of preparing students for college success has required us to take a unique view in terms of our curriculum. Our goal is to graduate students who have not only had the opportunity to experience academic excellence, but have acquired the knowledge and skills necessary to be successful in high school and college. What makes our curriculum particularly unique is that it has been developed to support state standards with a college-bound approach.

Our curriculum was developed based on the analysis of standards and assessment experts across the nation, including groups such as National Assessment of Educational Progress (NAEP), ACT®, Achieve, Inc., the Thomas B. Fordham Institute, the National Council of Teachers of English, The National Mathematics Advisory Panel, the American Association for the Advancement of Science, and the National Council for Social Studies. This analysis, conducted by National Heritage Academies, comprehensively researched what students need to know to be successfully prepared for rigorous high school and college educational programming. NHA then worked backward to develop a curriculum that defines the expertise needed by students in kindergarten through eighth grade to enter high school on the path to college readiness. Since college readiness goes beyond academic preparedness, the curriculum not only includes learning goals in core academic and co-curricular areas, but also includes an integrated character development component.

The curriculum's objectives are aligned to those identified by the Michigan Academic Standards: both the Common Core State Standards (CCSS) and the Grade Level Content Expectations

(GLCE). Moreover, all students are expected to reach the CCSS and GLCE goals. However, modifications/accommodations are sometimes necessary to ensure learning for all students. This support comes through classroom differentiation, in-class support services, targeted programmatic resources, out of class intervention, and out of school time opportunities—all of which are designed to accelerate student growth trajectories.

The only variance in our curriculum when compared to the Michigan Academic Standards is the addition of a Moral Focus component. We believe great schools develop both a student's heart and mind, and the Moral Focus program is designed to support parents' efforts to teach character at home by reinforcing and modeling universal human virtues, such as compassion, respect, and integrity. This Moral Focus program is explicit and integrated with the school's core curriculum. A different virtue is featured each month of the school year. Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

In 2016-2017, our curriculum is fully aligned and implemented using the Common Core State Standards and the Michigan Grade Level Content Expectations (GLCE) as the foundation.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

2016-2017

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2016 to spring 2017.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2017 administration of the NWEA MAP assessment.

2015-2016

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2015 to spring 2016.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2016 administration of the NWEA MAP assessment.

6. IDENTIFY THE NUMBER AND PERCENT OF STUDENTS REPRESENTED BY PARENTS AT PARENT-TEACHER CONFERENCES

2016-2017

<b>Parent-Teacher Conferences</b>			
	<b>Grades</b>	<b># of Students Represented</b>	<b>% of Students Represented</b>
<b>Fall 2016</b>	K-8	775	99.1%
<b>Spring 2017</b>	K-8	778	99.1%

2015-2016

<b>Parent-Teacher Conferences</b>			
	<b>Grades</b>	<b># of Students Represented</b>	<b>% of Students Represented</b>
<b>Fall 2015</b>	K-8	742	96.9%
<b>Spring 2016</b>	K-8	738	97.0%

## 7. SCHOOL YEAR HIGHLIGHTS

The percentage of students who were college ready in reading was (81%) in ELA and (82%) in math during the 2016-17 school year. The academic growth percentile was (95%) and proficiency was (93%) during the 2016-17 school year. The percent of students on the college readiness path has continuously risen. Plymouth Scholars continues to outperform the state and local school district on the state assessment (M-STEP).

This achievement can be attributed to using the workshop model that we use to continue to challenge students beyond state standards. All grade levels use claims, evidence and reasoning in all subject areas as a writing structure. Close reading strategies continue to be used in all grade levels and across all subject areas to teach students to think critically when reading a text. The CCSS are used in all grade levels and help students to master college readiness standards. Plymouth Scholars was highlighted as a NHA School of Excellence for the academic achievement during the 2015-16 and 2016-17 school years.

We are looking forward to another rewarding and successful school year in 2018-19!

Sincerely,

Walter Reese  
School Principal  
Plymouth Scholars Charter Academy
