

April 12, 2019

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2017-2018 educational progress for Vanderbilt Charter Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Yvonne Veldhoff for assistance.

The AER is available for you to review electronically by visiting the following web site <http://www.nhaschools.com/schools/vanderbilt/> and clicking on the "Annual Education Report" link at the top of the page or you may review a copy from the school's office at your child's school. You may also access the AER by clicking here: <http://bit.ly/2Hh8VKG>.

For the 2017-18 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

* Note TSI and ATS definitions were changed for the 2018-19 school year per federal requirements. The new definitions are:

TSI – The school has at least one subgroup performing in the bottom 25% within each applicable accountability index component.

ATS – The school has met the criteria for TSI identification and has at least one subgroup performing at the same level as a CSI school.

Our school has not been given one of these labels.

Vanderbilt Charter Academy will need to analyze what Tier II Interventions are needed and who receives these interventions. The school will need to determine who instructs these intervention times and how they will remain consistent with intervention tools. Interventionist will also need consistent coaching and professional development.

State law requires that we also report additional information.

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

2017-2018

Vanderbilt Charter Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

The school's Open Enrollment period begins on the first day of the current school year and ends at 5 p.m. on the last day of business in February of the current school year. During this Open Enrollment period, all applications receive equal consideration regardless of the date submitted. At the close of Open Enrollment, all applications received during the Open Enrollment period will be counted. If applications received are fewer than offered seats in each and every grade level, all applicants will be accepted and will receive a notice of acceptance into their respective grades. If the number of applications received exceeds the number of offered seats in any grade level, a random selection process will take place for all affected grade levels. The random selection process shall be open to the public, and the school will notify all applicants of the time and place. A neutral third party person will be present during the random selection process. This person will not be related to any student, staff member, board member, anyone applying to the school, or an NHA employee. Names will be randomly selected until all offered seats have been filled. Any remaining names will be randomly selected to establish waiting list priority used to fill available offered seats prior to and during the school year for which the student applied. After all eligible names have been randomly selected, the school will add the names of applicants who submitted applications after the Open Enrollment Period in the order in which they were received. The random selection process is open to the public and will be video recorded. In the event of any discrepancy, the video recording will be the official record of placement of students.

Once students are Enrolled and remain Enrolled, they will remain eligible to be Re-Enrolled at the school for successive years without having to re-apply. However, they will be requested to complete a re-enrollment form by the end of the Open Enrollment period showing their intent to Re-Enroll for the subsequent school year. All applicants on a waiting list must submit an application for the following school year during the next Open Enrollment period in order to be considered in the lottery.

In an effort to accommodate parents who have more than one child eligible for enrollment, siblings of accepted and currently Enrolled students are given enrollment priority over children who have no such siblings. Siblings of currently Enrolled students at the school will be drawn first in the random selection process, if one is necessary, for offered seats.

In addition, if a child is selected during the random selection process, that child's sibling will be offered an available offered seat or the next spot on the waiting list in his/her respective grade. Though siblings are afforded priority for offered seats, they are not given priority over a previously Enrolled student.

In addition to sibling preference, children of staff members employed at the school working a regularly scheduled minimum of 20 hours per week (at least 0.5 FTE) or children of current board members are given enrollment priority. Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process

2016-2017

Vanderbilt Charter Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

2017-2018

<https://www.nhaschools.com/schools/vanderbilt-charter-academy/en/school-operations>

A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2018, the school reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
- Student demographics
- Discipline, tardy, truancy, and attendance rates
- Parent surveys
- Staff surveys and teacher quality information
- Programs and processes data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area

Vanderbilt will analyze the current Data Structure in order to strengthen it. We will prioritize funding for data driven interventionists, look at the use of our diagnostic/ benchmark/ progress monitoring tools, consider adding additional reading/ math intervention programs, and provide additional social/ emotional support and interventionists. We will also look at aligning in-class interventions, tier 1, 2, and 3 interventions, and EL and SPED interventions so that all staff are working towards common goals

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

Outcome Goal #2 Analyze Data

Teacher understands where to make adjustments to instruction in order to meet the needs of each student.

What	Who	When
Staff completes data analysis template and saves them in the Data Day folder in Google Drive to be reviewed and discussed during O3s.	All Staff/Deans	Ongoing – Bi-weekly
Dean will review most recent assessment data with staff during O3s bi-monthly to help make instructional adjustments. <ul style="list-style-type: none"> • Deans and Teachers take all Interims Quarterly • Instructional Alignment to Interim 	All Staff/Deans	Ongoing – Bi-weekly Quarterly

The School Improvement Team formally reviewed progress against its 2017-18 SIP goals and objectives in spring 2018, as part of its preparation for the 2018-19 school year. A review of student performance data and other data pertaining to the school’s selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year’s school improvement process led your school improvement team to select your school’s improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team’s evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

2016-2017

<https://www.nhaschools.com/schools/vanderbilt-charter-academy/en/school-operations>

A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2017, the school reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
- Student demographics
- Discipline, tardy, truancy, and attendance rates
- Parent surveys
- Staff surveys and teacher quality information
- Programs and processes Data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area

Vanderbilt will analyze the current Systematic Intervention Program in order to strengthen it. We will prioritize funding for interventionists, look at the use of our diagnostic/ benchmark/ progress monitoring tools, consider adding additional reading/ math intervention programs, and provide additional social/ emotional support and interventionists. We will also look at aligning in-class interventions, tier 1, 2, and 3 interventions, and EL and SPED interventions so that all staff are working towards common goals.

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

Outcome Goal #2 Provide Professional Development

Interventionists continually participate in professional development in order to ensure fidelity to the tools and intervention plans.

What	Who	When
Teachers will work collaboratively with their Dean to select A specific intervention time (EB, A4A, or Target Group) to progress toward the goal of “Stronger/Better” interventions.	Teachers with Deans	Selected by: 12/20/17 Implemented by: 3/1/18
Monitor and Adjust Tools on Intervention Ladders	All Staff	On Going
Professional Development opportunities for staff to share Intervention Tool Best Practices to support fidelity to tools with teacher autonomy.	All Staff	Staff Meeting 11/29/17

Outcome Goal #3 Create Collaborative Support Teams

Deans, interventionists, and classroom teachers form a support team for students and meet regularly to identify students, create action steps and monitor student progress.

What	Who	When
Create and update tier triangulation data (Google Doc) as it becomes available.	All Staff	On Going
Use Tier Triangulation data to identify students who may need to transition between interventions tiers and IAT	All Staff	Every 6 weeks (SIMs Meetings)
Identify and assign solutions/action steps with time frames to be implemented, monitored, and report back on after 6 weeks of intervention.	All staff	Every 6 weeks (SIMs Meetings)

The School Improvement Team formally reviewed progress against its 2016-17 SIP goals and objectives in spring 2017, as part of its preparation for the 2017-18 school year. A review of student performance data and other data pertaining to the school’s selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

2017-2018

The total number of enrolled students increased from 463 in 2016-17 to 468 in 2017-18. The percentage of students who receive Free and Reduced Lunch has remained relatively constant over the last three years. The percentage of EL and SPED students has also remained constant.

Vanderbilt is located in a highly Hispanic/Latino community, with about 45% of the population being from Hispanic/Latino descent. Over 50% of Vanderbilt's student population is Hispanic. The Free and Reduced Lunch population at Vanderbilt is about 70% each year. The challenges faced are the high numbers of transient families that live in the immediate area. Families that move locations must also typically change schools. It is difficult losing students and taking in new students that have gaps in learning.

The staff consists of 19 classroom teachers, 4 Specials teachers, 5 Special Education staff, 1 Reading Specialist, 14 para-professionals, 2 office staff, and 3 Administrators. Of these staff members, over 25% have completed their Master's degree and all are Highly Qualified. Vanderbilt was awarded a 7-year Charter Renewal from GVSU last year for our excellence in academics.

2016-2017

The total number of enrolled students decreased from 464 in 2013-14 to 455 in 2015-16. The percentage of students who receive Free and Reduced Lunch has remained relatively constant over the last three years. The percentage of EL students has decreased by 4% from 2013-14 to 2015-16. The percentage of IEP students has increased from 4% in 2013-14 to 13% in 2015-16.

Vanderbilt is located in a highly Hispanic/Latino community, with about 45% of the population being from Hispanic/Latino descent. Over 50% of Vanderbilt's student population is Hispanic.

The Free and Reduced Lunch population at Vanderbilt is about 70% each year. The challenges faced are the high numbers of transient families that live in the immediate area. Families that move locations must also typically change schools. It is difficult losing students and taking in new students that have gaps in learning.

The staff consists of 19 classroom teachers, 4 Specials teachers, 5 Special Education staff, 1 Reading Specialist, 14 para-professionals, 2 office staff, and 3 Administrators. Of these staff members, over 25% have completed their Master's degree and all are Highly Qualified.

The Spring 2016 Parent Survey utilized a 5-point scale with "5" being the high score. Results in important areas of overall satisfaction, high expectations, teachers are positive role models, student academic progress, moral guidance, emphasis on math and reading, likelihood to recommend Vanderbilt to other families, and an "A" rating all received a 98% or better from parents with either a "5" or a "4".

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

2017-2018

Our goal of preparing students for college success has required us to take a unique view in terms of our curriculum. Our goal is to graduate students who have not only had the opportunity to experience academic excellence, but have acquired the knowledge and skills necessary to be successful in high school and college. What makes our curriculum particularly unique is that it has been developed to support state standards with a college-bound approach.

Our curriculum was developed based on the analysis of standards and assessment experts across the nation, including groups such as National Assessment of Educational Progress (NAEP), ACT®, Achieve, Inc., the Thomas B. Fordham Institute, the National Council of Teachers of English, The National Mathematics Advisory Panel, the American Association for the Advancement of Science, and the National Council for Social Studies. This analysis, conducted by National Heritage Academies, comprehensively researched what students need to know to be successfully prepared for rigorous high school and college educational programming. NHA then worked backward to develop a curriculum that defines the expertise needed by students in kindergarten through eighth grade to enter high school on the path to college readiness. Since college readiness goes beyond academic preparedness, the curriculum not only includes learning goals in core academic and co-curricular areas, but also includes an integrated character development component.

The curriculum's objectives are aligned to those identified by the Michigan Academic Standards: both the Common Core State Standards (CCSS) and the Grade Level Content Expectations (GLCE). Moreover, all students are expected to reach the CCSS and GLCE goals. However, modifications/accommodations are sometimes necessary to ensure learning for all students.

This support comes through classroom differentiation, in-class support services, targeted programmatic resources, out of class intervention, and out of school time opportunities—all of which are designed to accelerate student growth trajectories.

The only variance in our curriculum when compared to the Michigan Academic Standards is the addition of a Moral Focus component. We believe great schools develop both a student's heart and mind, and the Moral Focus program is designed to support parents' efforts to teach character at home by reinforcing and modeling universal human virtues, such as compassion, respect, and integrity. This Moral Focus program is explicit and integrated with the school's core curriculum. A different virtue is featured each month of the school year. Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

2017-2018

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2017 to spring 2018.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2018 administration of the NWEA MAP assessment.

2016-2017

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2016 to spring 2017.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2017 administration of the NWEA MAP assessment.

6. IDENTIFY THE NUMBER AND PERCENT OF STUDENTS REPRESENTED BY PARENTS AT PARENT-TEACHER CONFERENCES

2017-2018

Parent-Teacher Conferences			
	Grades	# of Students Represented	% of Students Represented
Fall 2017	K-8	397	86.5%
Spring 2018	K-8	386	84.1%

2016-2017

Parent-Teacher Conferences			
	Grades	# of Students Represented	% of Students Represented
Fall 2016	K-8	387	86.6%
Spring 2017	K-8	391	86.3%

6. SCHOOL YEAR HIGHLIGHTS

- GVSU Renewal
- AQM increase
- Several candidates for Excellence in Teaching Award

We are looking forward to another rewarding and successful school year in 2019-20!

Sincerely,

A handwritten signature in black ink, appearing to read 'Jeff Groggel', with a stylized, cursive script.
