

May 30, 2018

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-2017 educational progress for Laurus Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Valarie Martin for assistance.

The AER is available for you to review electronically by visiting the following web site <https://www.nhaschools.com/schools/laurus/> and clicking on the "Annual Education Report" link at the top of the page or you may review a copy from the school's office at your child's school. You may also access the AER by clicking here: <https://goo.gl/bmvFza>

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

A review of the 2016-17 academic student data shows that students in grades 3rd-4th showed an increase in proficiency for ELA and Math. Grades 5th and 6th grades did decline in Math and ELA. Science scores for 4th grade increased and dropped 2% in 8th grade. Social Studies dropped in 5th and 8th grades. Science Key initiatives being taken to accelerate student achievement and close persistent gaps in achievement include the following:

Math:

1. Implemented k-2 Math initiatives utilizing manipulatives in all classrooms
2. Consistently utilizing the Accelerated Math program in grades k-8.
3. Teachers utilize math instruction time each week to promote mat fact acquisition (basic math skills, multiplication, division, etc.....).
4. Teachers are using Accelerated Math in the classroom to enhance math instruction
5. Purchased Dreambox for math for supplemental support.
6. Continue instructional grouping and small-group instruction.

Social Studies:

1. Used a teacher tool for test prep/ Social Studies for teachers taking M-STEP.
2. Block-schedule time for integration of Social Studies and ELA.
3. Utilize supplemental resources and social studies units from Oakland Schools
4. Administer common and interim assessments to students.

State law requires that we also report additional information.

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

2016-2017

Laurus Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

The school's Open Enrollment period begins on the first day of the current school year and ends at 5 p.m. on the last day of business in February of the current school year. During this Open Enrollment period, all applications receive equal consideration regardless of the date submitted. At the close of Open Enrollment, all applications received during the Open Enrollment period will be counted. If applications received are fewer than offered seats in each and every grade level, all applicants will be accepted and will receive a notice of acceptance into their respective grades. If the number of applications received exceeds the number of offered seats in any grade level, a random selection process will take place for all affected grade levels. Names are randomly selected until all offered seats have been filled. Any remaining names are selected to establish waiting list priority. Applications received after the Open Enrollment period will be accepted until the end of the current school year and available seats will be filled.

Once students are Enrolled and remain Enrolled, they will remain eligible to be Re-Enrolled at the school for successive years without having to re-apply. However, they will be requested to complete a re-enrollment form by the end of the Open Enrollment period showing their intent to Re-Enroll for the subsequent school year. All applicants on a waiting list must submit an application for the following school year during the next Open Enrollment period.

In an effort to accommodate parents who have more than one child eligible for enrollment, siblings of accepted and currently Enrolled students are given enrollment priority over children who have no such siblings. Siblings of currently Enrolled students at the school will be drawn first in the random selection process, if one is necessary, for offered seats. In addition, if a child is selected during the random selection process, that child's sibling will be offered an available offered seat or the next spot on the waiting list in his/her respective grade. Though siblings are afforded priority for offered seats, they are not given priority over a previously Enrolled student.

In addition to sibling preference, children of staff members employed at the school working a regularly scheduled minimum of 20 hours per week (at least 0.5 FTE) or children of current board members are given enrollment priority. Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

2016-2017

<https://www.nhaschools.com/schools/laurus-academy/en/school-operations>

A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2017, the school reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- 
- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
 - Student demographics
 - Discipline, tardy, truancy, and attendance rates
 - Parent surveys
 - Staff surveys and teacher quality information
 - Programs and processes Data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area

The SIP goals for Laurus Academy are to attain 78% proficiency in all core academic areas. The Laurus Academy School Improvement Plan has identified implementation strategies for Language Arts, Mathematics, Science, Writing and Social Studies, which support both the State Level criterion goals and the norm referenced criterion goals. In addition, the implementation plan identified formative assessment strategies whose purpose is to inform instruction and support student achievement.

Objectives: Free & Reduced Lunch subgroups will increase by 10% in Math, Reading, Writing, Science, Social Studies and Writing.

Key Action Items:

1. Modification of master schedule to provide ample time for targeted subjects.
2. Created instructionally based classroom (novice, proficient and advanced).
3. Hired At-Risk teachers to push in and pull out students in novice classrooms.
4. Administered interim assessments exams to assess grade level proficiency
5. Implementation of CER and Accountable Talk.
6. Implementation of Common Core Shifts in each classroom.
7. Involve parents as partners in the education of their children with Dreambox and Accelerated Math.
8. Implementation of the Formative Assessment Process schoolwide.
9. Utilization of a common progress monitoring tool to identify and address the needs of FRL and IEP students.
10. Increase of academic vocabulary in the lesson delivery.
11. Offer before and after-school tutoring

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

The Laurus Academy School Improvement Plan provided the foundation to inform and guide all of the instruction which took place during the course of the current school year. The school engaged its teaching staff in the development of grade-level action plans and identified specific educational strategies to ensure an increase in academic achievement.

A review of the 2016-17 academic student data shows that students in grades 3-4th showed an increase in proficiency for ELA and Math. Grades 5th and 6th declined in ELA and Math.

The School Improvement Team formally reviewed progress against its 2016-17 SIP goals and objectives in spring 2017, as part of its preparation for the 2017-18 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

2015-2016

<https://www.nhaschools.com/schools/laurus-academy/en/school-operations>

A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2016, the school

reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
- Student demographics
- Discipline, tardy, truancy, and attendance rates
- Parent surveys
- Staff surveys and teacher quality information
- Programs and processes Data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area

The SIP goals for Laurus Academy are to attain 78% proficiency in all core academic areas. The Laurus Academy School Improvement Plan has identified implementation strategies for Language Arts, Mathematics, Science, Writing and Social Studies, which support both the State Level criterion goals and the norm referenced criterion goals. In addition, the implementation plan identified formative assessment strategies whose purpose is to inform instruction and support student achievement.

Objectives: Free & Reduced Lunch subgroups will increase by 10% in Math, Reading, Writing, Science, Social Studies and Writing.

Key Action Items:

12. Modification of master schedule to provide ample time for targeted subjects.
13. Created instructionally based classroom (novice, proficient and advanced).
14. Hired At-Risk teachers to push in and pull out students in novice classrooms.
15. Administered interim assessments exams to assess grade level proficiency
16. Implementation of CER and Accountable Talk.
17. Implementation of Common Core Shifts in each classroom.
18. Involve parents as partners in the education of their children with IXL program.
19. Implementation of the Formative Assessment Process schoolwide.
20. Utilization of a common progress monitoring tool to identify and address the needs of FRL and IEP students.
21. Increase of academic vocabulary in the lesson delivery.
22. Provide after-school tutoring.

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

The Laurus Academy School Improvement Plan provided the foundation to inform and guide all of the instruction which took place during the course of the current school year. The school engaged its teaching staff in the development of grade-level action plans and identified specific educational strategies to ensure an increase in academic achievement.

A review of the 2015-16 academic student data shows that students in grades 3-8 showed an increase in proficiency for Science, ELA and Writing, but declined in Math and Social Studies.

The School Improvement Team formally reviewed progress against its 2015-16 SIP goals and objectives in spring 2016, as part of its preparation for the 2016-17 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

2016-2017

Laurus Academy is located in Southfield, Michigan. The academy is managed by National Heritage Academies (NHA) which was founded in 1995. Laurus Academy opened its doors in August, 2005, to provide a challenging academic curriculum to students in grades K-6. By adding one grade level per year, the school now services students in Grades K-8 in an

environment that fosters social and academic growth and which actively engages parents as partners in the educational program.

Laurus Academy offers an academically challenging, character-based education to every student. The school-day begins each morning with a Moral Focus highlight in which students repeat the Pledge of Allegiance to the flag, the Laurus Academy Student Creed, and receive motivational quotes that are geared to encourage positive character development and tools to begin a successful school day.

The Laurus Student Creed itself states: "I am a Laurus student. I strive to achieve academic excellence. I exemplify high moral character. I work diligently to prepare for the future. I know that my success in school and life is dependent on my own efforts and the choices I make." Laurus Academy provides an academic curriculum that is rigorous and challenging and which includes Language Arts, Mathematics, Science and Social Studies. In addition, the curriculum is enhanced with Art, Music, Technology, and Physical Education.

Laurus students are provided with instruction that is student-centered and data-driven. Students are administered the state M-STEP assessment each school year. In addition, they are tested in the fall, winter and spring, using the Northwest Evaluation Assessment Measures of Academic Progress (NWEA). The NWEA is norm-referenced test that allows us to track the progress of our students against the national population. It also allows us to quickly identify the needs of our students and to provide academic interventions in a timely manner. Furthermore, our year begins with diagnostic testing that allows us to see the academic entry-level of our students, followed by interim assessments that provide the necessary data to provide adequate and systematic academic interventions.

Laurus Academy staff, parents, administration and Board of Directors are committed to providing each student with a learning environment that enables each child to reach his/her highest social and academic potential.

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION AND AN EXPLANATION OF THE VARIANCES FROM THE STATE’S MODEL

2016-2017

Our goal of preparing students for college success has required us to take a unique view in terms of our curriculum. Our goal is to graduate students who have not only had the opportunity to experience academic excellence, but have acquired the knowledge and skills necessary to be successful in high school and college. What makes our curriculum particularly unique is that it has been developed to support state standards with a college-bound approach.

Our curriculum was developed based on the analysis of standards and assessment experts across the nation, including groups such as National Assessment of Educational Progress (NAEP), ACT®, Achieve, Inc., the Thomas B. Fordham Institute, the National Council of Teachers of English, The National Mathematics Advisory Panel, the American Association for the Advancement of Science, and the National Council for Social Studies. This analysis, conducted by National Heritage Academies, comprehensively researched what students need to know to be successfully prepared for rigorous high school and college educational programming. NHA then worked backward to develop a curriculum that defines the expertise needed by students in kindergarten through eighth grade to enter high school on the path to college readiness. Since college readiness goes beyond academic preparedness, the curriculum not only includes learning goals in core academic and co-curricular areas, but also includes an integrated character development component.

The curriculum's objectives are aligned to those identified by the Michigan Academic Standards: both the Common Core State Standards (CCSS) and the Grade Level Content Expectations (GLCE). Moreover, all students are expected to reach the CCSS and GLCE goals. However, modifications/accommodations are sometimes necessary to ensure learning for all students. This support comes through classroom differentiation, in-class support services, targeted programmatic resources, out of class intervention, and out of school time opportunities—all of which are designed to accelerate student growth trajectories.

The only variance in our curriculum when compared to the Michigan Academic Standards is the addition of a Moral Focus component. We believe great schools develop both a student's heart and mind, and the Moral Focus program is designed to support parents' efforts to teach character at home by reinforcing and modeling universal human virtues, such as compassion, respect, and integrity. This Moral Focus program is explicit and integrated with the school's core curriculum. A different virtue is featured each month of the school year. Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

2015-2016

Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

In 2016-2017, our curriculum is fully aligned and implemented using the Common Core State Standards and the Michigan Grade Level Content Expectations (GLCE) as the foundation.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

2016-2017

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2016 to spring 2017.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2017 administration of the NWEA MAP assessment.

2015-2016

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2015 to spring 2016.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2016 administration of the NWEA MAP assessment.

6. IDENTIFY THE NUMBER AND PERCENT OF STUDENTS REPRESENTED BY PARENTS AT PARENT-TEACHER CONFERENCES

2016-2017

Parent-Teacher Conferences			
	Grades	# of Students Represented	% of Students Represented
Fall 2016	K-8	698	98.4%
Spring 2017	K-8	705	99.7%

2015-2016

Parent-Teacher Conferences			
	Grades	# of Students Represented	% of Students Represented
Fall 2015	K-8	707	96.2%
Spring 2016	K-8	717	99.6%

7. SCHOOL YEAR HIGHLIGHTS

- Penny War – This was a fundraiser for The Capuchin Soup Kitchen.
- Family Night- That focus and Reading and Math in conjunction with Gizmo Learning
- Gleaners Food Bank - Students showed their teachings of the Moral Focus by having a canned food drive to help families in their time of need during the holiday season. The students brought in over 700 cans of food that were donated to local food banks.
- Music Concert - We celebrated two musical performances for the 2016-17 school year. Students sang songs in Arabic, Nigerian, and even performed sign language for some performances.
- National Junior Honor Society and Blue Ribbon – Laurus has induction ceremonies each year for both organizations. Students do community service and sponsor certain activities. The students also provide mentoring to students.

We are looking forward to another rewarding and successful school year in 2018-19!

Sincerely,

Carolyn Boyer
