

May 30, 2018

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-2017 educational progress for Oaksides Scholars Charter Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Kristy Redman for assistance.

The AER is available for you to review electronically by visiting the following web site <https://www.nhaschools.com/schools/oaksides/> and clicking on the "Annual Education Report" link at the top of the page or you may review a copy from the school's office at your child's school. You may also access the AER by clicking here: <https://goo.gl/VmnoVL>

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

Oaksides in its 4th year of operation has grown from 500 students to 700 students embracing the scholars in Pontiac, Michigan. The 2016-2017 M-STEP data illustrates Oaksides has declined in proficiency as a result. We recognize the large deficiencies in our scholars' learning and we are taking multiple measures to accelerate student achievement and close persistent gaps. Restorative Practices will be the key initiative to reduce unproductive student behaviors and keeping scholars in school. In addition, Sylvan tutoring for scholars in the bottom 10%ile occurs during the school day twice weekly to ensure extra instruction is provided in Reading. Oaksides will continue using Corrective Reading and Reading Mastery with the goal to increase fluency and comprehension. In addition, our grant allocations have been distributed to increase the number of interventionists providing targeted small group instruction. Our IEP population's scores are stagnant because of not being able to fill all positions with highly qualified special education providers due to the teacher shortage in Michigan. We have included these scholars in our Tier 3 interventions to provide additional support outside of their learning goals outlined in their IEPs. Progress monitoring using AIMS WEB plus is our tool providing frequent opportunities to strengthen our data analysis and center our professional learning communities on accelerating students' achievement.

State law requires that we also report additional information.

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

2016-2017

Oakside Scholars Charter Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

The school's Open Enrollment period begins on the first day of the current school year and ends at 5 p.m. on the last day of business in February of the current school year. During this Open Enrollment period, all applications receive equal consideration regardless of the date submitted. At the close of Open Enrollment, all applications received during the Open Enrollment period will be counted. If applications received are fewer than offered seats in each and every grade level, all applicants will be accepted and will receive a notice of acceptance into their respective grades. If the number of applications received exceeds the number of offered seats in any grade level, a random selection process will take place for all affected grade levels. Names are randomly selected until all offered seats have been filled. Any remaining names are selected to establish waiting list priority. Applications received after the Open Enrollment period will be accepted until the end of the current school year and available seats will be filled.

Once students are Enrolled and remain Enrolled, they will remain eligible to be Re-Enrolled at the school for successive years without having to re-apply. However, they will be requested to complete a re-enrollment form by the end of the Open Enrollment period showing their intent to Re-Enroll for the subsequent school year. All applicants on a waiting list must submit an application for the following school year during the next Open Enrollment period.

In an effort to accommodate parents who have more than one child eligible for enrollment, siblings of accepted and currently Enrolled students are given enrollment priority over children who have no such siblings. Siblings of currently Enrolled students at the school will be drawn first in the random selection process, if one is necessary, for offered seats. In addition, if a child is selected during the random selection process, that child's sibling will be offered an available offered seat or the next spot on the waiting list in his/her respective grade. Though siblings are afforded priority for offered seats, they are not given priority over a previously Enrolled student.

In addition to sibling preference, children of staff members employed at the school working a regularly scheduled minimum of 20 hours per week (at least 0.5 FTE) or children of current board members are given enrollment priority. Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

2015-2016

Oakside Scholars Charter Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

2016-2017

<https://www.nhaschools.com/schools/oakside-scholars-charter-academy/en/school-operations>

A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2017, the school reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
- Student demographics
- Discipline, tardy, truancy, and attendance rates
- Parent surveys
- Staff surveys and teacher quality information
- Programs and processes Data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area.

OVERALL IMPROVEMENT EFFORTS

The school annually evaluates the implementation of its school improvement efforts through its school improvement process. While the school regularly assesses its needs, when engaged in the school improvement process it specifically considers student academic performance data, demographic data, programs and processes data, and perceptions data, to gauge the impact of its school improvement plan on meeting identified needs. The school improvement process is an ongoing, cyclical effort that encompasses the following: 1) capturing, analyzing, and reporting data; 2) prioritizing needs based on data; 3) communicating priorities; 4) organizing and implementing specific action in accordance with priorities; and 5) evaluating progress. The evaluation of progress during the improvement process allows the school to assess the degree to which its school improvement plan is successful and fosters conversation for adjustments to its strategic initiatives and overall improvement efforts.

MATH Objectives:

- All subgroups will approach or exceed scorecard proficiency targets by increasing overall proficiency by 15% in **Math** as measured by State Assessments by June 20, 2018.
- Common assessment averages in **Math** will be used to monitor progress of approaching proficiency targets for all students by June 20, 2018.

READING Objectives:

- All subgroups will approach or exceed scorecard proficiency targets by increasing overall proficiency by 20% in **Reading** as measured by State Assessments by June 20, 2018.
- Common assessment averages in **Reading** will be used to monitor progress of approaching proficiency targets for all students by June 20, 2018.

SCIENCE Objectives:

- All subgroups will approach or exceed scorecard proficiency targets by increasing overall proficiency by 10% in **Science** as measured by State Assessments by June 20, 2018.

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

The School Improvement Plans goals and action steps, and the evaluation of data as part of our continuous school improvement have been instrumental in increasing the level of instruction and the level of proficiency/growth for our Oakside community. Though the challenges of growing all students to college readiness continue, our SIP is a solid plan for increasing instructional effectiveness and student growth.

The School Improvement Team formally reviewed progress against its 2016-17 SIP goals and objectives in spring 2017, as part of its preparation for the 2017-18 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

2015-2016

<https://www.nhaschools.com/schools/oakside-scholars-charter-academy/en/school-operations>

A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2016, the school reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
- Student demographics
- Discipline, tardy, truancy, and attendance rates
- Parent surveys
- Staff surveys and teacher quality information
- Programs and processes Data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area

Throughout the 2015-2016 school year, the Oakside Scholars Leadership team, consisting of teachers, administration, para-professionals, support staff, and a parent met to develop our School Improvement Plan. This plan outlined goals and action steps in the core areas of ELA, math, science, social studies,(as measured by MSTEP) and was brought to the full staff in monthly goal team meetings. Goals for the SIP are as follows:

1. Math Proficiency: By 2016, students in grades 2-7 will increase proficiency by 20% resulting in 43% of students proficient.
 - Specialists will provide supplemental support in small groups or one on one with students who are below grade level in math. After school tutoring will be provided for students who are below grade level in math. Three five-week sessions will be offered with students grouped according to areas of need.
 - A workshop model will be used with the Intervention Learning Program. Teachers will use flexible grouping in the classroom with small group being a primary mode of instruction.
 - Academic specialists and paraprofessionals will support the bottom 25% of students. Staff will receive ongoing professional development on the delivery of instruction in small groups
 - Teachers will continue to receive ongoing training with Math Expressions.
 - Teachers will receive ongoing instruction in differentiated instruction for math.
 - Expand technology resources to ALL K-7 students. (iReady, Reflex)
 - Students will utilize iReady and Reflex technology components for individual learning programs.
 - Teachers will go through professional development on including performance tasks as part of the formative assessment.
2. Reading and Writing Proficiency: By 2016, students in grades 2-7 will increase proficiency by 20% resulting in 42% of students proficient.
 - A workshop model will be used with the Intervention Learning Program. Teachers will use flexible grouping in the classroom with small group being a primary mode of instruction.

- 
- Academic specialists and paraprofessionals will support the bottom 25% of students. Staff will receive ongoing professional development on the delivery of instruction in small groups.
 - Teachers will continue to receive ongoing training with Reading Street K-5 and Holt 6-7.
 - Teachers will receive ongoing instruction in differentiated instruction for ELA using Fountas and Pinnell, My Sidewalks, Core Six, and best practices for reading instruction.
 - Students will utilize iReady, AR, and RAZ kids technology components for individual learning paths.
 - Teachers will go through professional development on including performance tasks as part of the formative assessment process.
 - Staff will receive ongoing support in utilizing multiple forms of data from NWEA, Common Assessment, BAS testing and state data to drive student instruction.
 - Tutoring on site will be provided for ELL/Math. The summer Learning program will have both remote and onsite components.
 - Staff will utilize the AR book room, LLI program and continue to use nonfiction and informational text to engage all students at a range of reading levels.
 - We will research new supplemental writing programs to incorporate with Reading Street. We will provide training for staff on developing a rigorous writing block including writing performance tasks.
 - Utilize Writing Pathways, performance assessments and learning progressions by Lucy Calkins.
 - Teachers will collaborate and identify specific criteria for evaluating writing in Reading Street using the common assessment rubric.
 - Teachers will utilize Think Maps to assist in student writing/reading connections through cross-curricular content.
 - Teachers will incorporate writing skills through cross-curricular content.
 - Students will use a student friendly rubric to help guide them in the creation and evaluation of their writing.
3. Social Studies Proficiency: 30% or higher will score proficient on MSTEP in 2016.
- Staff will continue to receive ongoing support with utilizing the DEICER model
 - Staff will continue to receive ongoing support with teaching for engagement and becoming a culturally responsive environment.
 - Staff will incorporate American and World History/Geography into ELA activities.
 - Staff will administer common assessment to collect data from our students

- 
- Present students with real life experiences that are connected to the Social Studies curriculum.
 - Staff will incorporate use of informational text in the areas of history/geography through the use of Accelerated Reader/iReady/ebooks.
4. Science Proficiency: 30% or higher will score proficient on MSTEP in 2016.
- Staff will continue to receive support in DEICER teaching method.
 - Staff will continue to receive support in teaching for engagement and becoming a culturally responsive environment.
 - Upper elementary and middle school will conduct a science fair.
 - Oakside Scholars will host a school wide Science night for families to attend.
 - Middle school students will use ACHIEVE 3000.

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

The School Improvement Plans goals and action steps, and the evaluation of data as part of our continuous school improvement have been instrumental in increasing the level of instruction and the level of proficiency/growth for our Oakside community. Though the challenges of growing all students to college readiness continue, our SIP is a solid plan for increasing instructional effectiveness and student growth.

The School Improvement Team formally reviewed progress against its 2015-16 SIP goals and objectives in spring 2016, as part of its preparation for the 2016-17 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

2016-2017

Oakside Scholars Charter Academy was founded in 2013 and is currently in its fifth year of operation. The school currently serves approximately 700 students in kindergarten through 8th grade. The school is in an urban setting in Waterford Township within the Waterford school district area; however, over 80% of our student population reside in Pontiac. Many schools within both the Waterford and Pontiac school districts are closing due to building infrastructure, declining enrollment, and poor academic performance. Consequently, Oakside Scholars Academy anticipates an influx of new students over the next several years.

The largest Pontiac racial/ethnic groups are Black (48%) followed by White (26.2%) and Hispanic (18%). The median household income of Pontiac residents was \$31,046 in 2016.

94% of our students are eligible for free/reduced lunch. Oakside Scholars Academy serves an English Language Learner population of 24%.

2015-2016

Oakside Scholars was in its third year of operation during the 2015- 2016 school year, serving students in grades Kindergarten through seventh. Our enrollment grew from 462 students in our first year to 650 students in 2015-16. In the fall of 2016, the school will serve students in grades K-8. The school is located in an urban setting in Waterford Township within the Waterford school district area, however 83% of our student population comes from the city of Pontiac while 16% come from Waterford.

Our student body is made up of nearly 55% identifying as Black or African American, 15% identifying as White, 25% identifying as Hispanic, 3% identifying as Asian or Pacific Islander, and 2% identifying as American Indian. 90% of our students are eligible for free/reduced lunch. Oakside Scholars Charter Academy serves an English Language Learner Population of 21%.

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

2016-2017

Our goal of preparing students for college success has required us to take a unique view in terms of our curriculum. Our goal is to graduate students who have not only had the opportunity to experience academic excellence, but have acquired the knowledge and skills necessary to be successful in high school and college. What makes our curriculum particularly unique is that it has been developed to support state standards with a college-bound approach.

Our curriculum was developed based on the analysis of standards and assessment experts across the nation, including groups such as National Assessment of Educational Progress (NAEP), ACT®, Achieve, Inc., the Thomas B. Fordham Institute, the National Council of Teachers of English, The National Mathematics Advisory Panel, the American Association for the Advancement of Science, and the National Council for Social Studies. This analysis, conducted by National Heritage Academies, comprehensively researched what students need to know to be successfully prepared for rigorous high school and college educational programming. NHA then worked backward to develop a curriculum that defines the expertise needed by students in kindergarten through eighth grade to enter high school on the path to college readiness. Since college readiness goes beyond academic preparedness, the curriculum not only includes learning goals in core academic and co-curricular areas, but also includes an integrated character development component.

The curriculum's objectives are aligned to those identified by the Michigan Academic Standards: both the Common Core State Standards (CCSS) and the Grade Level Content Expectations (GLCE). Moreover, all students are expected to reach the CCSS and GLCE goals. However, modifications/accommodations are sometimes necessary to ensure learning for all students. This support comes through classroom differentiation, in-class support services, targeted programmatic resources, out of class intervention, and out of school time opportunities—all of which are designed to accelerate student growth trajectories.

The only variance in our curriculum when compared to the Michigan Academic Standards is the addition of a Moral Focus component. We believe great schools develop both a student's heart and mind, and the Moral Focus program is designed to support parents' efforts to teach character at home by reinforcing and modeling universal human virtues, such as compassion, respect, and integrity. This Moral Focus program is explicit and integrated with the school's core curriculum. A different virtue is featured each month of the school year. Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

2015-2016

This Moral Focus program is explicit and integrated with the school's core curriculum. A different virtue is featured each month of the school year. Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration

In 2016-2017, our curriculum is fully aligned and implemented using the Common Core State Standards and the Michigan Grade Level Content Expectations (GLCE) as the foundation.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

2016-2017

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2016 to spring 2017.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2017 administration of the NWEA MAP assessment.

2015-2016

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2015 to spring 2016.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2016 administration of the NWEA MAP assessment.

6. IDENTIFY THE NUMBER AND PERCENT OF STUDENTS REPRESENTED BY PARENTS AT PARENT-TEACHER CONFERENCES

2016-2017

Parent-Teacher Conferences			
	Grades	# of Students Represented	% of Students Represented
Fall 2016	K-8	659	91.1%
Spring 2017	K-8	640	91.4%

2015-2016

Parent-Teacher Conferences			
	Grades	# of Students Represented	% of Students Represented
Fall 2015	K-7	628	94.0%
Spring 2016	K-7	595	92.8%

7. SCHOOL YEAR HIGHLIGHTS

- Enrollment reaches over 700 students becoming a beacon of hope in the Pontiac, MI community.
- Oakside Scholars outperforms Pontiac City School District by 13% for all subjects and grades tested using M-STEP.
- Restorative Practices have become the focus for responding to unproductive behaviors increasing time on task for learning and developing character in scholars.
- Monthly Moral Focus virtues set us apart from other schools. Our curriculum and common language strengthens the partnership with home and school to increase opportunities for scholars on their educational journey.

We are looking forward to another rewarding and successful school year in 2018-19!

Sincerely,

Nicole Young
