## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Prevail Academy

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and each major fund of Prevail Academy, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Prevail Academy's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of Prevail Academy as of June 30, 2020 and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Other Matters***

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information, as identified in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

The additional supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The additional supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the additional supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

## ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 16, 2020 on our consideration of Prevail Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Prevail Academy's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Prevail Academy's internal control over financial reporting and compliance.

*Maney Costeiran PC*

# PREVAIL ACADEMY

## MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED JUNE 30, 2020

---

This section of the annual financial report for Prevail Academy (the "Academy") provides an overview of the Academy's financial activities as of and for the fiscal year ended June 30, 2020. It should be read in conjunction with the financial statements, which immediately follow this section.

### Using this Annual Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Academy financially as a whole. The Academy-wide financial statements provide information about the activities of the whole Academy, presenting both an aggregate view of the Academy's finances and a longer-term view of those finances. The fund financial statements provide the next level of detail. For governmental activities, these statements tell how services were financed in the short term as well as what remains for future spending. The fund financial statements look at the Academy's operations in more detail than the Academy-wide financial statements by providing information about the Academy's most significant fund — the General Fund — with the other fund presented in one column as the major School Service Fund.

Management's Discussion and Analysis  
(Required Supplemental Information)

#### Basic Financial Statements

Academy-wide Financial Statements      Fund Financial Statements

Notes to Basic Financial Statements

(Required Supplemental Information)

Budgetary Information for the Governmental Funds

(Additional Information)

Statement of Revenues — General Fund

### Reporting the Academy as a whole — Academy-wide Financial Statements

One of the most important questions asked about the Academy is, "As a whole, what is the Academy's financial condition as a result of the year's activities?" The Statement of Net Position and the Statement of Activities, which appear first in the Academy's financial statements, report information on the Academy as a whole and its activities in a way that helps you answer this question. We prepare these statements to include all assets and liabilities, using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

The Academy's Statement of Net Position — the difference between assets and liabilities, as reported in the Statement of Net Position — is one way to measure the Academy's financial position. The relationship between revenues and expenses is the Academy's operating results. The Academy's goal is to provide services to our students, not to generate profits as private sector companies do. One must consider nonfinancial factors, such as the quality of the education provided and the safety of the Academy, to assess the overall health of the Academy.

The Statement of Net Position and the Statement of Activities report the activities of the Academy, all of which are classified as governmental. These activities encompass all the Academy's services, including instruction, support services and food services. State aid (based on student count) and state and federal grants finance most of these activities. The Academy has entered into a service agreement (the "agreement") with National Heritage Academies, Inc. (NHA) which requires NHA to provide administration, strategic planning and all labor, materials, equipment, and supervision necessary for the provision of educational services to students. As part of the consideration received under the agreement, NHA also provides the facility in which the Academy operates. Under the terms of the agreement, NHA receives as remuneration for its services an amount equal to the total revenue received by the Academy from all revenue sources.

### **Reporting the Academy's Fund Financial Statements**

The Academy's fund financial statements provide detailed information about the most significant funds — not the Academy as a whole. Some funds are required to be established by state law. However, the Academy establishes other funds to help it control and manage money for particular purposes or as required by state law (the School Service Fund is an example). The governmental funds of the Academy use the following accounting approach:

*Governmental Funds* — All of the Academy's services are reported in governmental funds. Governmental fund reporting focuses on showing how money flows into and out of funds and the balances left at year-end that are available for spending. They are reported using an accounting method called modified accrual accounting. Only those revenues that are "measurable" and "currently available" are reported. Liabilities are recognized when incurred. The governmental fund statements provide a short-term view of the operations of the Academy and the services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Academy's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliations presented as part of the statements.

## The Academy as a Whole

Recall that the Statement of Net Position provides the perspective of the Academy as a whole. The table below provides a summary of the Academy's net position as of June 30:

	2020	2019
Assets:		
Current assets	\$ 906,748	\$ 931,345
Liabilities - current	<u>765,506</u>	<u>838,017</u>
Net position:		
Restricted - School Service Fund	-	12,682
Unrestricted	<u>141,242</u>	<u>80,646</u>
Total net position	<u>\$ 141,242</u>	<u>\$ 93,328</u>

The unrestricted net position of governmental activities represents the accumulated results of life-to-date operations. These assets can be used to finance day-to-day operations without constraints, such as legislative or legal requirements. The results of the current-year operations for the Academy as a whole are reported in the Statement of Activities, which shows the change in net position.

The results of operations for the Academy as a whole are reported in the summarized Statements of Activities (below) which show the changes in net position for the fiscal years ended June 30:

	2020	2019
Revenues:		
State aid	\$ 4,385,361	\$ 4,522,347
Operating grants	1,544,877	1,455,330
Charges for services	162	70
Private sources - NHA	<u>972,175</u>	<u>635,976</u>
Total revenues	6,902,575	6,613,723
Expenses—		
Contracted service fee:		
Instruction	3,409,309	3,155,976
Support services	3,251,935	3,128,565
Food services	193,417	266,507
Depreciation (unallocated)	<u>-</u>	<u>178</u>
Total expenses	<u>6,854,661</u>	<u>6,551,226</u>
Change in net position	<u>\$ 47,914</u>	<u>\$ 62,497</u>

As reported in the Statement of Activities, the cost of governmental activities was \$6,854,661. These activities were primarily funded by the Academy's state aid (based on student count) and governments and organizations that subsidized certain programs with grants. *Revenues – Private*

*sources* – NHA represent a contribution granted by NHA for excess of Academy expenditures over public revenues available.

The Academy experienced an increase in net position of \$47,914 in 2020. Under the terms of the agreement with NHA, NHA provides a spending account to the Board of Directors for discretionary expenditures. The primary reason for the change in net position is the timing of these discretionary expenditures.

A reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance of Governmental Funds to the Statement of Activities appears on page 11.

### **Fund Financial Statements**

As we noted earlier, the Academy uses funds to help it control and manage money for particular purposes or as required by state law. Looking at funds helps the reader to consider whether the Academy is being accountable for the resources that the State and others provide to it and may provide more insight into the Academy's overall financial health.

The Academy's instruction and support services activities are reported in the General Fund. The School Service Fund represents food service activities. The Academy's combined fund balance was \$141,242 at June 30, 2020.

A reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position appears on page 10.

### **General Fund Budgetary Highlights**

Over the course of the year, the Academy revises its budget to reflect changes in revenues and expenditures. State law requires that the budget be amended to ensure that expenditures do not exceed appropriations. A schedule showing the Academy's original and final budget amounts compared with amounts actually paid and received is provided in the required supplemental information of these financial statements.

Budgeted revenues for the General Fund were decreased by \$48,943 from the original budget. Revenues were changed to reflect the following:

State Aid	<i>Decrease</i>
Other State Sources	<i>Decrease</i>
Local sources	<i>Decrease</i>
Federal Sources	<i>Decrease</i>
Private Sources	<i>Decrease</i>
Private Sources - NHA	<i>Increase</i>

Budgeted expenditures for the General Fund were decreased by \$36,593. This change was to reflect the change in anticipated funding. Significant variances between the final budget and actual amounts are disclosed in the notes to the financial statements (refer to Note 2).

### **Capital Assets**

At June 30, 2020, the Academy had \$0 invested in capital assets, primarily other equipment. Capital assets are substantially provided as part of the agreement with NHA.

## **General Economic Factors and Next Year's Budgets**

Our officials and administration consider many factors when setting the Academy's 2021 fiscal year budget. One of the most important factors affecting the budget is our student count. The state foundation revenue is determined by multiplying the blended student count by the foundation allowance per pupil. The blended count for the 2020-21 fiscal year is based on a super blend which consists of 75% of fiscal year 2020 (90% and 10% of the October 2019 and February 2019 counts, respectively) and 25% of the fiscal year 2021 (90% and 10% of the October 2020 and February 2020 counts, respectively). The 2021 budget was adopted in May 2020. Approximately 69% of total General Fund revenue is from the foundation allowance. As a result, Academy funding is heavily dependent on the State's ability to fund local school operations. Based on early enrollment data at the start of the 2021 school year, we anticipate that the fall student count will be close to the estimates used in creating the 2021 budget. Once the final student count and related per pupil funding are validated, state law requires the Academy to amend the budget if actual Academy resources are not sufficient to fund original appropriations.

Since the Academy's revenue is heavily dependent on state funding and the health of the State's school aid fund, the actual revenue received depends on the State's ability to collect revenues to fund its appropriation to public school academies. The State periodically holds a revenue-estimating conference to estimate revenues. If the State estimates funds are not sufficient to fund the appropriation, the legislature must revise the appropriation or proration of state aid will occur.

On March 11, 2020, the World Health Organization declared the outbreak of a respiratory disease caused by a new coronavirus pandemic. First identified in late 2019 and now known as COVID-19, the outbreak has impacted thousands of individuals worldwide. The impact of COVID-19 will require the Academy to carefully monitor its budget for fiscal year 2020-2021. It will also be necessary to monitor decisions made at the federal and state level pertaining to financial resources as those decisions will directly impact the Academy's budget. As information becomes known by the Academy, the budget will be reviewed and adjusted, as needed, to ensure adequate resources are available.

## **Contacting the Academy's Financial Management**

The financial report is designed to provide users of the report with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. If you have questions about this report, contact the Chief Financial Officer of National Heritage Academies, Inc., 3850 Broadmoor SE, Suite 201; Grand Rapids, Michigan 49512.

Contracted service fee recognized consistent with the revenue policy	<u>(20,309)</u>
<b>Change in net position of governmental activities</b>	<b><u>\$ 47,914</u></b>

See notes to financial statements.

# PREVAIL ACADEMY

## NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2020

---

### 1. NATURE OF OPERATIONS

Prevail Academy (the “Academy”) is a Michigan Public School Academy that provides education based on rigorous teaching methods, parental involvement, student responsibility, and basic moral values. The Academy provides education, at no cost to the parent, to students in kindergarten through eighth grade. Enrollment is open to all appropriately aged children without regard to gender, ethnic background, disability, and/or religious affiliation. The Academy operates under a charter contract approved by Bay Mill Community College, which is responsible for oversight of the Academy’s operations. The charter contract expires June 30, 2020 and is subject to renewal.

The Academy is exempt from taxation as a governmental entity pursuant to Internal Revenue Code Section 115. The Academy qualifies for public charity status by meeting the requirements of Internal Revenue Code Sections 509(1) and 170(b)(1)(A)(ii).

The Academy’s primary source of revenue is provided by the State of Michigan and consists of an amount per student multiplied by weighted average student counts. The state revenue is recognized ratably over the school year and is funded through payments from October 2019 through August 2020.

The Board of Directors of the Academy has entered into a service agreement (the “agreement”) with National Heritage Academies, Inc. (NHA) which requires NHA to provide administration, strategic planning and all labor, materials, equipment, and supervision necessary for the provision of educational services to students. As part of the consideration received under the agreement, NHA also provides the facility in which the Academy operates. The agreement will continue until the termination or expiration of the charter contract, up to a maximum of five years, unless at least 90 days written notice of intent to terminate or renegotiate is given by either the Academy or NHA.

*Revenues – Private Sources – NHA* represent a contribution granted by NHA for excess Academy expenditures over public revenues available.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Academy-Wide and Fund Financial Statements** — The Academy-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. The effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All the Academy's government-wide activities are considered governmental activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenue includes (a) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Revenues not classified as program revenues are reported instead as general revenue.

### **Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

*Academy-Wide Statements* — The Academy-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The effect of interfund activity has been eliminated from the Academy-wide financial statements.

When an expense is incurred for purposes for which both restricted and unrestricted net position, or fund balance are available, the Academy's policy is to first apply restricted resources. When an expense is incurred for purposes which amounts in any of the unrestricted fund balance classifications could be used, it is the Academy's policy to spend funds in this order: committed, assigned and unassigned.

*Fund Based Statements* — Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Academy considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenue not meeting this definition is classified as a deferred inflow of resources. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. The contracted service fee to NHA is recorded consistent with the recognition of revenue. Interfund transfers are used to subsidize operations of the School Service Fund.

*Fund Classification* — The financial activities of the Academy are organized on the basis of funds. The operation of each fund is accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

*General Fund* — The General Fund is used to account for the general educational programs of the Academy. Its revenues are derived primarily from the State of Michigan.

*School Service Fund* — The School Service Fund is used to account for the food service operation. Its revenues are derived primarily from a federal grant and student charges.

*Capital Assets* — Capital assets, which include other equipment, are reported in the applicable governmental column in the Academy-wide financial statements at historical costs of more than \$5,000 and an estimated useful life in excess of one year.

Other equipment is depreciated using the straight-line method over useful lives of 3–10 years.

*Estimates* — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“generally accepted accounting principles”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses and expenditures during the reporting period. Actual results could differ from those estimates.

*Cash* — Cash as of June 30, 2020 represents bank deposits which are covered by federal depository insurance. Accordingly, there are no investments which are required to be categorized according to risk.

*Unavailable and Unearned Revenue* — Unavailable revenue is reported in connection with receivables for revenue that is not considered available and measurable to liquidate liabilities of the current period. Unearned revenue is reported in connection with funds that have been received for services which have not been performed and is therefore not yet earned. As of June 30, 2020, a deferred inflow for unavailable revenue was recognized for \$40,873 and a liability for unearned revenue was recognized for \$14,943.

*Contracted Service Fee Payable* — Contracted service fee payable as of June 30, 2020 represents a timing difference between funds received from governmental sources and amounts payable to NHA in accordance with the agreement.

*Fund Balance* — Fund balances may be classified as nonspendable, restricted, committed, assigned, or unassigned. The terms nonspendable and restricted are used either to indicate that certain assets do not represent spendable resources available for general educational programs or to earmark a portion of fund balance as legally segregated for a specific future use. The term committed represents amounts that can only be used for the specific purpose determined by a formal resolution of the board. The term assigned is used to classify the fund balance intended to be used by the board, but does not meet the criteria to be restricted or committed. The term unassigned is used for amounts that have not been restricted, committed, or otherwise assigned for future uses. At June 30, 2020, the Academy had \$107,002 in nonspendable fund balance, \$22,134 in committed fund balance, and \$12,106 in unassigned fund balance. The committed fund balance has been committed by resolutions of the Board of Directors for student, parent and staff appreciation, athletics, and board training and development.

*Budgetary Information* — Annual budgets are adopted on a basis utilizing generally accepted accounting principles and consistent with state law for the general and special revenue funds.

The budget document presents information by fund and function. The legal level of budgetary control adopted by the governing body (i.e., the level at which expenditures may not legally exceed appropriations) is the function level. State law requires the Academy to have its budget in place by July 1. The budgets can be amended by the Board of Directors as considered necessary. The budgets were amended to decrease budgeted revenues and expenditures for the General Fund by \$48,943 and \$36,593, respectively, and to decrease budgeted revenues and expenditures for the School Service Fund by \$86,092 and \$76,033, respectively.

***Recent Accounting Pronouncements*** - In June 2017, the Governmental Accounting Standards Board issued GASB Statement No. 87, Leases, which improves accounting and financial reporting for leases by governments. This statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The Academy is currently evaluating the impact this standard will have on the financial statements when adopted. The provisions of this statement are effective for the Academy's financial statements for the year ending June 30, 2022.

### **3. DUE FROM GOVERNMENTAL REVENUE SOURCES**

Receivables as of June 30, 2020 for the Academy included \$718,847 in state aid receivable, \$70,672 in other state sources, \$71,663 in federal grants receivable, and \$11,100 in other receivables. The Academy considers all receivables to be fully collectible; accordingly, no allowance for uncollectible amounts is recorded.

### **4. RISK MANAGEMENT**

The Academy is exposed to various risks of loss related to general liability. Commercial insurance policies to cover certain risks of loss have been obtained. There have been no significant reductions in insurance coverage during fiscal year 2020, and claims did not exceed coverage less retained risk deductible amounts in the past three fiscal years.

## 5. CAPITAL ASSETS

Capital asset activity of the Academy's governmental activities was as follows:

	Beginning Balance	Additions	Disposals	Ending Balance
Governmental activities —				
Other equipment	\$ 5,306	\$ -	\$ -	\$ 5,306
Less accumulated depreciation —				
Other equipment	<u>5,306</u>	<u>-</u>	<u>-</u>	<u>5,306</u>
Total governmental activities —				
Capital assets, net	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

## 6. CONTINGENCIES

The Academy has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

## 7. OPERATING LEASE

The Academy has entered into a sublease agreement with NHA for a facility to house the Academy. The lease term is from July 1, 2019 through June 30, 2020. Annual rental payments required by the lease are \$939,996 payable in twelve monthly payments of \$78,333. This lease is automatically renewed on a year-to-year basis unless a notice of non-renewal is provided by either the Academy or NHA.

The Academy subsequently renewed the sublease with NHA for the period of July 1, 2020 through June 30, 2021, at the same rental rate.

## **8. OVERSIGHT FEES**

The Academy pays an administrative oversight fee of 3% of its state school aid to Bay Mills Community College, as set forth by contract, to reimburse the University Board for the cost of execution of its oversight responsibilities. These oversight responsibilities include the monitoring of the Academy's compliance with the terms and conditions of the contract, and the review of its audited financial statements and periodic reports. During the year ended June 30, 2020 the Academy incurred expenses of \$147,953 for oversight fees.

## **9. MANAGEMENT AGREEMENT**

The Academy currently has a management agreement with National Heritage Academies (NHA) for operations of the Academy. Under the terms of the management agreement, NHA receives as remuneration for its services an amount equal to the total revenue received by the Academy from all revenue sources.

As part of the management agreement, the Academy leases all of its employees from NHA. Salaries, retirement, social security, health insurance, and unemployment taxes are the responsibility of NHA.

The amount due to NHA at June 30, 2020 was \$816,692.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors  
Prevail Academy

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Prevail Academy as of June 30, 2020, and the related notes to the financial statements, which collectively comprise the Prevail Academy's basic financial statements and have issued our report thereon dated October 16, 2020.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Prevail Academy's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Prevail Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of the Prevail Academy's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weakness. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Prevail Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matter that is required to be reported under *Government Auditing*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Maney Costeiran PC*
