Owner: Mark DeJong

Start Date: 12/13/2024

Summary: A trained adult advocate can help students who have fallen off track by providing individualized support to meet their academic, personal, and emotional needs. An advocate is a student's "go-to person" for the resources and support needed to graduate, and typically provides these supports for the entire time a student is enrolled in the school, or, at a minimum, for a full school year. Advocates can be school staff or not employed by the school district. Advocates can identify unmet needs and provide or coordinate more intense, individualized support to help students get back on track for graduation.
