End of Block: 4. Staff roles and expectations for remote instruction

Start of Block: 5. Learning targets and learning growth

Q30 § 115C-84.3. Remote instruction (d)

(5) Communication of learning targets to students on each remote instruction day and development of measures to ensure that remote instruction time, practice, and application components support learning growth that continues towards mastery of the standard course of study.

Q31 What methods does your PSU plan to have in place to ensure that learning targets support the standard course of study during remote learning days? Select all that apply.

- Clearly define and post the learning target and/or expected outcome**
- Consider appropriate instructional models based on the learning target/desired outcome**
- Pre-assess student knowledge of the learning target**
- Select appropriate grade-level materials, resources, and/or platform to support the learning target**
- Other (explain) _____

Q32 How will you communicate learning targets to students on remote learning days? Select all that apply.

- Designing learning targets in student-friendly language “I can...” and “I know...” statements**
- Designing learning targets to reflect learning goals
- Discussing with students at the beginning of the lesson

- Informally assessing to monitor student understanding
- Posting daily for students to see
- Reviewing with students at the end of the lesson
- Other (explain) _____

Q33 How does your PSU plan to ensure that teachers provide effective, timely feedback to students to ensure continued student learning growth on the standard course of study during remote instruction?*

Our teachers are monitoring and tracking student progress and engagement. Teachers will provide ongoing feedback to students in order to understand and monitor the individual student mastery of the materials. Teachers can provide feedback through Google Classroom. In addition, Gradebook can be used to allow students and parents to fully understand and monitor the growth and mastery that is taking place. Deans that oversee the grade bands will monitor and provide feedback/support to each instructor on a weekly basis to ensure timely feedback to students. Teachers can also video conference with students and parents to ensure continued learning.

Q34 How does your PSU plan to ensure that teachers address and improve instruction on remote learning days based on feedback from students, parents, and guardians?*

Deans will continue to provide ongoing training and support for their teachers through regular one-on-one meetings (O3s). The principal meets daily with the dean team to debrief and discuss any concerns. School administration will observe classroom instruction on a regular basis and in order to assure instructional best practices.

End of Block: 5. Learning targets and learning growth

Start of Block: 6. Remote instruction options for limited connectivity

Q35 § 115C-84.3. Remote instruction (d)

(6) Development of remote instruction options appropriate for teachers and students with limited connectivity capability, including the opportunity for students to download remote instruction materials in advance when practicable.

Q36 How will your PSU provide remote instruction options for students with limited connectivity? Select all that apply.

- PBS North Carolina At-Home Learning
- PSU will partner with SLNC Adapts grant awardees
- PSU will provide hotspots with data plans for those who lack connectivity
- PSU will provide LTE-enabled devices with data plans for those who lack connectivity
- PSU will provide wifi-enabled buses in the community
- PSU will provide a map of community wifi locations
- PSU will provide paper based/no-tech options
- Satellite internet
- Televised programming: district-created content
- Televised programming: other
- Whitespace

Other (explain) __NHA will provide a hot spot for any student in need of internet connectivity. _____

Q37 How will your PSU provide remote instruction options for teachers with limited connectivity? Select all that apply.

PSU will allow staff to work on campus, if possible, for virtual instruction

PSU will provide a map of community wifi locations

PSU will provide hotspots with data plans for those who lack connectivity

PSU will provide LTE-enabled devices with data plans for those who lack connectivity

PSU will provide wifi-enabled buses in the community

Other (explain) _____

End of Block: 6. Remote instruction options for limited connectivity

Start of Block: 7. Provisions for students with disabilities in remote Instruction

Q38 § 115C-84.3. Remote instruction (d)

(7) Provision of remote instruction for students with disabilities in a manner consistent with each student's individualized education program (IEP), as defined in G.S. 115C-106.3, or section 504 (29 U.S.C. § 794) plan. Remote instruction supports shall be considered and included, as appropriate for the student, when an IEP or 504 plan is initially developed or at any subsequent review or revision of an IEP or 504 plan.

Q39 What provisions are provided for students with IEP or 504 plans as defined in G.S. 115C-106.3, or section 504 (29 U.S.C. § 794) plan? How will the PSU ensure that remote instruction supports are considered and included, as appropriate for the student, when an IEP or 504 plan is initially developed or at any subsequent review or revision of an IEP or 504 plan? Select all that apply.

All materials for virtual instruction are vetted/developed to meet accessibility standards.

EC and 504 students are offered individual homework assistance time via video conferencing.

EC teachers attend synchronous video conferences with students' regular education teachers and support students with IEP and 504 as needed for virtual instruction.

EC teachers co-teach with regular education teachers on video conferencing lessons.

EC teachers plan virtual instruction lessons with regular education teachers to ensure the needs of students with IEP and 504 are met.

Small group support sessions with EC teachers and EC support staff are offered to all IEP and 504 students via video conferencing platform.

Students are provided accommodations and/or modifications during virtual instruction in accordance with their IEP/504.

Students are provided with adapted educational materials and/or assistive technologies in accordance with their IEP/504.

Students are provided with individual virtual coaching and support by regular education teachers or EC support staff.

Other (explain) _____

Q40 Provide additional information related to how your PSU will help serve students with disabilities during remote instruction. (Optional - No more than 500 characters.)

Students with IEPs and 504s will access the same learning opportunities (print-based and digital) that are offered to general education students. These learning activities and supports will address student needs identified within any IEP, to the extent appropriate. To accomplish this, special education providers will collaborate with general education teachers to ensure provision of accommodations and modifications (when appropriate) that allow students to access learning opportunities.

Start of Block: Annual report

Q41 PART III. PUBLIC SCHOOL UNIT CALENDARS FOR THE 2021-2022 SCHOOL YEAR SECTION 3.(a) Part 2 of Article 8 of Chapter 115C of the General Statutes is amended by adding a new section to read: § 115C-84.3. Remote instruction (e)

The State Board of Education shall report by September 15 annually to the Joint Legislative Education Oversight Committee on the following information related to remote instruction: (1) A copy of each governing board's remote instruction plan. (2) A summary document of the following:

- a. The number of remote instruction days or hours used by each public school unit in the prior school year.**
- b. Strengths, challenges, and trends noted by the State Board in its review of how governing boards implement remote instruction.**
- c. Any other data deemed by the State Board to be useful to the Joint Legislative Education Oversight Committee in evaluating the use and delivery of remote instruction in emergency circumstances. Public School Units will be asked to provide this information to DPI in order to compile this report each fall.**

Q42 What is the total number of remote instruction days or hours used by your public school unit in the 2020-2021 school year? Numbers only

136

Q43 Describe the strengths of your Public School Unit's remote instruction from the 2020-21 school year.

Research Triangle Charter Academy's 2020-2021 Remote Instruction Plan was created in partnership with the school's administration, the Directors of School Quality, and the school's EMO, National Heritage Academies. To simplify the number of technology tools teachers, students, and families needed to learn during remote instruction, the school provided one base platform for student support (Google Classroom). Within Google Classroom, individual instructors had the opportunity to post videos, hold Google meetings, etc. in order to meet the needs of their students. Students submitted their work directly within their Google Classroom. Learning enhancement opportunities included the use of iReady, DreamBox, and Khan Academy. These were systems previously used in classrooms that teachers and students were already aware of how to use.

Every student lesson within each content area contained an "I can" statement and lesson objective assigned to it. These statements and objectives were made available at the beginning of the lesson. The "I can" statement explained what the student should be able to accomplish after the lesson was complete. This provides students the opportunity to gauge their understanding of the materials. Additionally, each lesson included an approximation of the time it should take to complete, sample problems/product, and a problem(s)/product for student completion.

To assist families with technological support, families were given the contact telephone number and email for the school's LTS. Additionally, the school's management partner National Heritage Academies supported each individual school with a 1-800 hotline number for technology support.

Q44 Describe the challenges faced by your Public School Unit during remote instruction from the 2020-21 school year.

Research Triangle Charter Academy faced the challenge of implementing our initial remote platform during the 2020-21 school year. This process included the need to develop policies and practices to support student learning on-line, count student attendance, train staff members to implement the process, and teach students and families how to access and interact within the remote framework.

While this process was challenging, it now allows the school the opportunity to leverage our learning and move forward with remote instruction for the upcoming year with a working model, communication plans, and the physical and virtual tools to implement the design.
