

April 12, 2019

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2017-2018 educational progress for South Arbor Charter Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Monica Rem for assistance.

The AER is available for you to review electronically by visiting the following web site <https://www.nhaschools.com/schools/southarbor/> and clicking on the "Annual Education Report" link at the top of the page or you may review a copy from the school's office at your child's school. You may also access the AER by clicking here: <http://bit.ly/2HI81qt>

For the 2017-18 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

* Note TSI and ATS definitions were changed for the 2018-19 school year per federal requirements. The new definitions are:

TSI – The school has at least one subgroup performing in the bottom 25% within each applicable accountability index component.

ATS – The school has met the criteria for TSI identification and has at least one subgroup performing at the same level as a CSI school.

Our school has not been given one of these labels.

Unlike some school districts in our area, we did quite well on state testing in the 2017-2018 school year. Our teachers attend to time on task and adhere to the state standards so that learning is focused. As soon as teachers noticed learning gaps through formative assessments or classroom summative assessments, they were adjusting instruction for their students.

In 2017-2018, our math proficiency was at 73%, ELA proficiency was at 75%, and Social Studies proficiency was at 49%. These scores are both above all local districts and above state averages.

Based on the data that we did receive, we will make some adjustments moving forward. Going into the 2019-2020 school year, we will be focusing on 3-8 literacy instruction and 6-8 math stories (a method for students explaining their math reasoning with story problems).

State law requires that we also report additional information.

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

2017-2018

South Arbor Charter Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

The school's Open Enrollment period begins on the first day of the current school year and ends at 5 p.m. on the last day of business in February of the current school year. During this Open Enrollment period, all applications receive equal consideration regardless of the date submitted. At the close of Open Enrollment, all applications received during the Open Enrollment period will be counted. If applications received are fewer than offered seats in each and every grade level, all applicants will be accepted and will receive a notice of acceptance into their respective grades. If the number of applications received exceeds the number of offered seats in any grade level, a random selection process will take place for all affected grade levels. The random selection process shall be open to the public, and the school will notify all applicants of the time and place. A neutral third party person will be present during the random selection process. This person will not be related to any student, staff member, board member, anyone applying to the school, or an NHA employee. Names will be randomly selected until all offered seats have been filled. Any remaining names will be randomly selected to establish waiting list priority used to fill available offered seats prior to and during the school year for which the student applied. After all eligible names have been randomly selected, the school will add the names of applicants who submitted applications after the Open Enrollment Period in the order in which they were received. The random selection process is open to the public and will be video recorded. In the event of any discrepancy, the video recording will be the official record of placement of students.

Once students are Enrolled and remain Enrolled, they will remain eligible to be Re-Enrolled at the school for successive years without having to re-apply. However, they will be requested to complete a re-enrollment form by the end of the Open Enrollment period showing their intent to Re-Enroll for the subsequent school year. All applicants on a waiting list must submit an

application for the following school year during the next Open Enrollment period in order to be considered in the lottery.

In an effort to accommodate parents who have more than one child eligible for enrollment, siblings of accepted and currently Enrolled students are given enrollment priority over children who have no such siblings. Siblings of currently Enrolled students at the school will be drawn first in the random selection process, if one is necessary, for offered seats. In addition, if a child is selected during the random selection process, that child's sibling will be offered an available offered seat or the next spot on the waiting list in his/her respective grade. Though siblings are afforded priority for offered seats, they are not given priority over a previously Enrolled student.

In addition to sibling preference, children of staff members employed at the school working a regularly scheduled minimum of 20 hours per week (at least 0.5 FTE) or children of current board members are given enrollment priority. Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

2016-2017

South Arbor Charter Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

The school's Open Enrollment period begins on the first day of the current school year and ends at 5 p.m. on the last day of business in February of the current school year. During this Open Enrollment period, all applications receive equal consideration regardless of the date submitted. At the close of Open Enrollment, all applications received during the Open Enrollment period will be counted. If applications received are fewer than offered seats in each and every grade level, all applicants will be accepted and will receive a notice of acceptance into their respective grades. If the number of applications received exceeds the number of offered seats in any grade level, a random selection process will take place for all affected grade levels. Names are randomly selected until all offered seats have been filled. Any remaining names are selected to establish waiting list priority. Applications received after the Open Enrollment period will be accepted until the end of the current school year and available seats will be filled.

Once students are Enrolled and remain Enrolled, they will remain eligible to be Re-Enrolled at the school for successive years without having to re-apply. However, they will be requested to complete a re-enrollment form by the end of the Open Enrollment period showing their intent to Re-Enroll for the subsequent school year. All applicants on a waiting list must submit an application for the following school year during the next Open Enrollment period.

In an effort to accommodate parents who have more than one child eligible for enrollment, siblings of accepted and currently Enrolled students are given enrollment priority over children who have no such siblings. Siblings of currently Enrolled students at the school will be drawn first in the random selection process, if one is necessary, for offered seats. In addition, if a child is selected during the random selection process, that child's sibling will be offered an available offered seat or the next spot on the waiting list in his/her respective grade. Though siblings are afforded priority for offered seats, they are not given priority over a previously Enrolled student.

In addition to sibling preference, children of staff members employed at the school working a regularly scheduled minimum of 20 hours per week (at least 0.5 FTE) or children of current board members are given enrollment priority. Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

2017-2018

<https://www.nhaschools.com/schools/south-arbor-charter-academy/en/school-operations>

A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2018, the school reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
- Student demographics
- Discipline, tardy, truancy, and attendance rates
- Parent surveys
- Staff surveys and teacher quality information
- Programs and processes data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area

ELA

- ELL subgroup will increase 20 percentage points in ELA on state tests by 2020 (moving from 57% proficient to at least 77% proficient).
 - This subgroup has risen by 11 percentage points so far, going from 57% in 2014-15 to 68%.

Math

- Free lunch subgroup will increase 10 percentage points in Math on state tests by 2020 (moving from 69% proficient to at least 72% proficient)
 - At this time, this subgroup has declined by 15 percentage points to 54%.

Social Studies

- African American subgroup will increase 11 percentage points in Social Studies on state tests by 2020 (moving from 37% proficient to at least 48% proficient)
 - This subgroup has risen by 6 percentage points so far, going from 37% in 2014-15 to 43%.

Science

- African American subgroup will increase 7 percentage points in Science on state tests by 2020 (moving from 23% proficient to at least 30% proficient)
 - At this time, this subgroup has declined by 1 percentage point to 22%.
 -

Status of the School Improvement Plan:

We also had two data-specific goals that we were working to attain in the 2016-17 school year.

- 1) **Academic Proficiency:** Our goal was to have 2nd-8th grade students enrolled for three or more years to be at or above the grade-level target as measured on the NWEA MAP test. CMU provided us with MAP College Readiness Targets (Reading 2nd-190, 3rd-201, 4th-208, 5th-215, 6th-218, 7th-222, 8th-227; Math 2nd-191, 3rd-204, 4th-214, 5th-224, 6th-229, 7th-236, 8th-242). Our results are shown below:

Subject	Grade	Percent of students above the grade-level target
READING	2	87%
	3	87%
	4	82%
	5	75%
	6	77%
	7	78%
	8	88%
MATH	2	78%
	3	81%
	4	85%
	5	75%
	6	83%
	7	80%
	8	89%

- 2) **Academic Growth:** Our academic growth goals are based on the percent of students that met or exceeded their Spring NWEA growth targets. CMU's expectation is that the academic growth of all students in grades 3-8 at the Academy will be assessed using the following metrics and growth targets. In grades 3-8: Students fall-to-spring growth on average will demonstrate measurable progress towards the grade level achievement targets for reading and math.

When we look at academic growth, we can see that overall our students are doing well. In grades 4-8 on the Reading portion of the NWEA assessment, our students are in the moderate to high range of student growth percentiles. In grades 5-8 on the Math portion of the NWEA assessment, our students are in the moderate to high range of student growth percentiles. In general, the longer that our students stay with us, the better that they tend to do.

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

Proudly, we can say that we met many of our goals. Our ELA and Social Studies subgroup goals are seeing positive gains. We know that we still have room to grow in math and science, but we feel that we have implemented changes to help all students. We also did very well in Academic Proficiency and Academic Growth.

The School Improvement Team formally reviewed progress against its 2017-18 SIP goals and objectives in spring 2018, as part of its preparation for the 2018-19 school year. A review of student performance data and other data pertaining to the school's selected focus area was

conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

The School Improvement Team formally reviewed progress against its 2017-18 SIP goals and objectives in spring 2018, as part of its preparation for the 2018-19 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

2016-2017

The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

2017-2018

South Arbor Charter Academy is authorized by Central Michigan University. The school was founded in 1999 and is managed by National Heritage Academies. South Arbor first opened its doors on October 13th, 1999, to 153 students in grades Kindergarten through 5th grade. Since then, we have become a fully-enrolled Young Fives through 8th grade school with a total enrollment of 799 students.

We offer a full-day Young Fives program, three full-day Kindergarten classrooms, and three classrooms each for grades 1st through 8th. In addition, we offer a combined 5th/6th and a combined 7th/8th Accelerated Learning classroom. The average class size for our classrooms is

26-28 students in grades 1-8, 25 students in Kindergarten, and 21 students in the Young Fives classroom.

South Arbor Charter Academy is a diverse school. We serve students from sixteen different school districts whose parents have entrusted South Arbor Charter Academy to better educate their children. Our student population is made up of approximately 56% Caucasian, 19% African American, 17% Asian, 5% Hispanic, and 1% American Indian. We offer full Special Education services, including Speech, Occupational Therapy, Resource Room, and Social Work. Special Education students comprise approximately 9% of our population. Free and reduced lunch students comprise approximately 21% of our population.

The 2017-2018 Parent Satisfaction Survey results revealed South Arbor parents to be a highly loyal and committed set of stakeholders in the school's mission to *Challenge each child to achieve* with 94% being satisfied with the school. 95% of our parents score our school at an "A" level. 91% of our parents would recommend our school to others. 92% of our parents are likely to re-enroll their children for the following school year. 94% of our parents judge South Arbor to offer one of the best academic programs in the area to deliver on our promise of moral guidance, to provide a safe environment, and setting uncompromising academic and behavioral expectations for students. In 2016, South Arbor Charter Academy's M-STEP results placed us 1st among the state's charter schools and 1st among all public schools in the state. For the 2018 state testing, we were ranked #1 for all schools in Washtenaw County and exceeded all state averages by a large amount. In the fall of 2016, we were again named a Michigan Reward School for our efforts for achievement, improvement, and reducing the gap between our highest and lowest students.

2016-2017

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

2017-2018

Our goal of preparing students for college success has required us to take a unique view in terms of our curriculum. Our goal is to graduate students who have not only had the opportunity to experience academic excellence, but have acquired the knowledge and skills necessary to be successful in high school and college. What makes our curriculum particularly unique is that it has been developed to support state standards with a college-bound approach.

Our curriculum was developed based on the analysis of standards and assessment experts across the nation, including groups such as National Assessment of Educational Progress (NAEP), ACT®, Achieve, Inc., the Thomas B. Fordham Institute, the National Council of Teachers of English, The National Mathematics Advisory Panel, the American Association for the Advancement of Science, and the National Council for Social Studies. This analysis, conducted by National Heritage Academies, comprehensively researched what students need to know to be successfully prepared for rigorous high school and college educational programming. NHA then worked backward to develop a curriculum that defines the expertise needed by students in kindergarten through eighth grade to enter high school on the path to college readiness. Since college readiness goes beyond academic preparedness, the curriculum not only includes learning goals in core academic and co-curricular areas, but also includes an integrated character development component.

The curriculum's objectives are aligned to those identified by the Michigan Academic Standards: both the Common Core State Standards (CCSS) and the Grade Level Content Expectations (GLCE). Moreover, all students are expected to reach the CCSS and GLCE goals. However, modifications/accommodations are sometimes necessary to ensure learning for all students.

This support comes through classroom differentiation, in-class support services, targeted programmatic resources, out of class intervention, and out of school time opportunities—all of which are designed to accelerate student growth trajectories.

The only variance in our curriculum when compared to the Michigan Academic Standards is the addition of a Moral Focus component. We believe great schools develop both a student's heart and mind, and the Moral Focus program is designed to support parents' efforts to teach character at home by reinforcing and modeling universal human virtues, such as compassion, respect, and integrity. This Moral Focus program is explicit and integrated with the school's core curriculum. A different virtue is featured each month of the school year. Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

7. SCHOOL YEAR HIGHLIGHTS

- Continued high Academic Proficiency –Our results continued to be strong as we fully teach our state standards.
- Strong enrollment continued in this school year. Even as new charter schools have opened in our area and School of Choice becomes more competitive, we have remained fully enrolled.
- Two of our teachers were honored to be recognized as finalists for National Heritage Academies' Teacher of the Year.

We are looking forward to another rewarding and successful school year in 2019-20!

Sincerely,

Kimberly Bondy
School Principal
South Arbor Charter Academy
8200 Carpenter Road
Ypsilanti, MI 48197
734-528-2821

BOARD OF DIRECTORS:

Marcella Haghgoie – President and Treasurer
Stacy Peterson – Vice President
Sarah Camp – Secretary
Vickie Castel – Director
William Soisson – Director
