

May 30, 2018

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-2017 educational progress for Achieve Charter Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Debbie Reeves for assistance.

The AER is available for you to review electronically by visiting the following web site <https://www.nhaschools.com/schools/achieve/> and clicking on the "Annual Education Report" link at the top of the page or you may review a copy from the school's office at your child's school. You may also access the AER by clicking here: <https://goo.gl/W84j78>

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

Key challenges based on our 16-17 assessment data was an increase gap between our IEP and non-IEP students. Based on this data, our Professional Learning Communities have focused on support for closing this gap, and best practices to help our students. We have adopted research-based interventions for both Reading and Math, with the iReady program to further support our students and close this gap. We have also focused on small group differentiated instruction to support our students and effectively close this gap.

State law requires that we also report additional information.

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

2016-2017

Achieve Charter Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

The school's Open Enrollment period begins on the first day of the current school year and ends at 5 p.m. on the last day of business in February of the current school year. During this Open Enrollment period, all applications receive equal consideration regardless of the date submitted. At the close of Open Enrollment, all applications received during the Open Enrollment period will be counted. If applications received are fewer than offered seats in each and every grade level, all applicants will be accepted and will receive a notice of acceptance into their respective grades. If the number of applications received exceeds the number of offered seats in any grade level, a random selection process will take place for all affected grade levels. Names are randomly selected until all offered seats have been filled. Any remaining names are selected to establish waiting list priority. Applications received after the Open Enrollment period will be accepted until the end of the current school year and available seats will be filled.

Once students are Enrolled and remain Enrolled, they will remain eligible to be Re-Enrolled at the school for successive years without having to re-apply. However, they will be requested to complete a re-enrollment form by the end of the Open Enrollment period showing their intent to Re-Enroll for the subsequent school year. All applicants on a waiting list must submit an application for the following school year during the next Open Enrollment period.

In an effort to accommodate parents who have more than one child eligible for enrollment, siblings of accepted and currently Enrolled students are given enrollment priority over children who have no such siblings. Siblings of currently Enrolled students at the school will be drawn first in the random selection process, if one is necessary, for offered seats. In addition, if a child is selected during the random selection process, that child's sibling will be offered an available offered seat or the next spot on the waiting list in his/her respective grade. Though siblings are afforded priority for offered seats, they are not given priority over a previously Enrolled student.

In addition to sibling preference, children of staff members employed at the school working a regularly scheduled minimum of 20 hours per week (at least 0.5 FTE) or children of current board members are given enrollment priority. Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are

still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

2015-2016

Achieve Charter Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan. By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. In an effort to accommodate parents who have more than one child eligible for enrollment, siblings of accepted and currently Enrolled students are given enrollment priority over children who have no such siblings. Siblings of currently Enrolled students at the school will be drawn first in the random selection process, if one is necessary, for offered seats. In addition, if a child is selected during the random selection process, that child's sibling will be offered an available offered seat or the next spot on the waiting list in his/her respective grade. Though siblings are afforded priority for offered seats, they are not given priority over a previously Enrolled student.

In addition to sibling preference, children of staff members employed at the school working a regularly scheduled minimum of 20 regularly scheduled hours per week (at least 0.5 FTE) or

children of current board members are given enrollment priority. Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

2016-2017

<https://www.nhaschools.com/schools/achieve-charter-academy/en/school-operations>

A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2017, the school reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
- Student demographics
- Discipline, tardy, truancy, and attendance rates
- Parent surveys
- Staff surveys and teacher quality information
- Programs and processes Data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area

Language Arts: The plan focused on raising ELA scores as measured by the state assessment. Actions included: Focus on development of the PLC process with goals tied specifically to Reading and ELA objectives. Instruction aligned to Common Core state standards and utilization of workshop to differentiate instruction. Students were required to read more non-fiction. The school instituted a summer reading challenge. We provided professional development to teachers on the use of Formative Assessment and Response to Intervention, as

well as a strong focus on providing actionable feedback to our students with implementation of student tracking their growth towards identified skills.

Science: The plan focused on raising achievement as measured by the MSTEP. Actions included a school wide science fair, implementing hands-on science activities in a consistent, frequent basis, the development of a science committee of teachers focusing on vertical alignment and instruction and the adoption of STEM lessons during and after school. This plan also has focused on implementing a new curricular tool that aligns to the Next Generation Science Standards, with a focus on engaging students in a hands on approach to learning.

Social Studies: The plan focused on raising student achievement as measure by the MSTEP. Actions included: implementation of school wide geography bee, awareness of current events, additional practice in interpreting charts, graphs and other forms of pictorial data. Additionally, we have fully adopted the Michigan State Social Studies curriculum and sent teachers to professional development courses provided by Wayne RESA to support the adoption of our curriculum.

Math: The plan focused on raising students' achievement as measured by the MSTEP. Actions included the use of the online math program, as well as the adoption of Math stories. Students used the tool at home for daily practice and supports building confidence in becoming mathematicians. In addition, we utilize curricular tools in grades K-8 that fully align to CCSS. Teachers used MSTEP and NWEA data in grade level teams to create focused, intense goals for students based on an area of need. Teachers met vertically to discuss MSTEP data, and instructional strategies to support student achievement. Our at risk students received intensive research based strategies for support to close achievement gaps. We have a focus on small group instruction using formative assessment data to support student needs.

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

Overall, the SIP appeared to have an impact on all subject areas showing improvement in all subjects. The plan influenced the maintenance of strong student achievement as measured by our new assessment, MSTEP. The School Improvement Team formally reviewed progress against its 2015-2016 SIP goals and objectives in Spring 2016, as part of its preparation for the 2016-2017 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through MSTEP assessments, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

The School Improvement Team formally reviewed progress against its 2016-17 SIP goals and objectives in spring 2017, as part of its preparation for the 2017-18 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated

includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

2015-2016

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area

Language Arts: The plan focused on raising ELA scores as measured by the state assessment. Actions included: Focus on development of the PLC process with goals tied specifically to Reading and ELA objectives. Instruction aligned to Common Core state standards and utilization of workshop to differentiate instruction. Students were required to read more non-fiction. The school instituted a summer reading challenge. We provided professional development to teachers on the use of Formative Assessment and Response to Intervention.

Science: The plan focused on raising achievement as measured by the MSTEP. Actions included a school wide science fair, implementing hands-on science activities in a consistent, frequent basis, the development of a science committee of teachers focusing on vertical alignment and instruction and the adoption of STEM lessons during and after school.

Social Studies: The plan focused on raising student achievement as measure by the MSTEP. Actions included: implementation of school wide geography bee, awareness of current events, additional practice in interpreting charts, graphs and other forms of pictorial data. Additionally, we have fully adopted the Michigan State Social Studies curriculum and sent teachers to professional development courses provided by Wayne RESA to support the adoption of our curriculum.

Math: The plan focused on raising students' achievement as measured by the MSTEP. Actions included the use of the online math program, called Moby Max and Khan Academy. Students used the tool at home for daily practice. In addition, we utilize curricular tools in grades K-8 that fully align to CCSS. Teachers used MSTEP and NWEA data in grade level teams to create focused, intense goals for students based on an area of need. Teachers met vertically to discuss MSTEP data, and instructional strategies to support student achievement. Our at risk students received intensive research based strategies for support to close achievement gaps. We have a focus on small group instruction using formative assessment data to support student needs.

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

Science achievement continued to rise with 44.8%% of students proficient on MSTEP, which is a 2.7% increase. Social Studies scores increased by 2% to 55% proficient. Math scores increased to 76.9% proficient on MSTEP, which was measured at 76.1% proficient on the MSTEP assessment in the previous year. ELA scores demonstrated 84.1% proficient on MSTEP. This was measured by Reading on MSTEP at 83.1% proficient in previous year.

Overall, the SIP appeared to have an impact on all subject areas showing improvement in all subjects. The plan influenced the maintenance of strong student achievement as measured by our new assessment, MSTEP. The School Improvement Team formally reviewed progress against its 2014-2015 SIP goals and objectives in Spring 2014, as part of its preparation for the 2015-2016 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through MSTEP assessments, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

The School Improvement Team formally reviewed progress against its 2015-16 SIP goals and objectives in spring 2016, as part of its preparation for the 2016-17 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

2016-2017

Achieve Charter Academy, located in Canton, opened in the fall of 2009 with 561 students in grades K-6. In 2010, Achieve Charter Academy added 7th grade and totaled 648 students with 1,359 students on the waiting list. In 2011, Achieve added 8th grade and totaled 735 students. In 2016-2017, Achieve's enrollment maintained Kindergarten-8th grade with 775 students. Achieve Charter Academy is managed by National Heritage Academies, and offers a college preparatory academic program, moral focus curriculum and strong parent involvement. Students are encouraged to participate in volunteer activities serving the community.

In its ninth year of operation, Achieve Charter Academy exceeded performance expectations and growth scores on all NWEA and MSTEP assessments. Achieve Charter Academy is authorized by Grand Valley State University, a strong supporter of teacher development and student achievement.

2015-2016

Achieve Charter Academy, located in Canton, opened in the fall of 2009 with 561 students in grades K-6. In 2016, Achieve's enrollment maintained Kindergarten-8th grade with 767 students. Achieve Charter Academy is managed by National Heritage Academies, and offers a college preparatory academic program, moral focus curriculum and strong parent involvement. Students are encouraged to participate in volunteer activities serving the community.

In its eighth year of operation, Achieve Charter Academy exceeded performance expectations and growth scores on all NWEA and MSTEP assessments.. Achieve Charter Academy is authorized by Grand Valley State University, a strong supporter of teacher development and student achievement.

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

2016-2017

Our goal of preparing students for college success has required us to take a unique view in terms of our curriculum. Our goal is to graduate students who have not only had the opportunity to experience academic excellence, but have acquired the knowledge and skills necessary to be successful in high school and college. What makes our curriculum particularly unique is that it has been developed to support state standards with a college-bound approach.

Our curriculum was developed based on the analysis of standards and assessment experts across the nation, including groups such as National Assessment of Educational Progress (NAEP), ACT®, Achieve, Inc., the Thomas B. Fordham Institute, the National Council of Teachers of English, The National Mathematics Advisory Panel, the American Association for the Advancement of Science, and the National Council for Social Studies. This analysis, conducted by National Heritage Academies, comprehensively researched what students need to know to be successfully prepared for rigorous high school and college educational programming. NHA then worked backward to develop a curriculum that defines the expertise needed by students in kindergarten through eighth grade to enter high school on the path to college readiness. Since college readiness goes beyond academic preparedness, the curriculum not only includes learning goals in core academic and co-curricular areas, but also includes an integrated character development component.

The curriculum's objectives are aligned to those identified by the Michigan Academic Standards: both the Common Core State Standards (CCSS) and the Grade Level Content Expectations (GLCE). Moreover, all students are expected to reach the CCSS and GLCE goals. However, modifications/accommodations are sometimes necessary to ensure learning for all students. This support comes through classroom differentiation, in-class support services, targeted programmatic resources, out of class intervention, and out of school time opportunities—all of which are designed to accelerate student growth trajectories.

The only variance in our curriculum when compared to the Michigan Academic Standards is the addition of a Moral Focus component. We believe great schools develop both a student's heart and mind, and the Moral Focus program is designed to support parents' efforts to teach character at home by reinforcing and modeling universal human virtues, such as compassion, respect, and integrity. This Moral Focus program is explicit and integrated with the school's core curriculum. A different virtue is featured each month of the school year. Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

2015-2016

Our goal of preparing students for college success has required us to take a unique view in terms of our curriculum. A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

In 2016-2017, our curriculum is fully aligned and implemented using the Common Core State Standards and the Michigan Grade Level Content Expectations (GLCE) as the foundation.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

2016-2017

Detailed below is a graph depicting the percentage of students in our school meeting growth target from fall 2016 to spring 2017.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2017 administration of the NWEA MAP assessment.

2015-2016

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2015 to spring 2016.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2016 administration of the NWEA MAP assessment.

6. IDENTIFY THE NUMBER AND PERCENT OF STUDENTS REPRESENTED BY PARENTS AT PARENT-TEACHER CONFERENCES

2016-2017

Parent-Teacher Conferences			
	Grades	# of Students Represented	% of Students Represented
Fall 2016	K-8	719	93.0%
Spring 2017	K-8	683	88.4%

2015-2016

Parent-Teacher Conferences			
	Grades	# of Students Represented	% of Students Represented
Fall 2015	K-8	734	95.9%
Spring 2016	K-8	707	92.5%

7. SCHOOL YEAR HIGHLIGHTS

- On the parent survey for 2016-2018, 73% of the parents gave Achieve Charter Academy an 'A' for performance.
- Achieve Charter Academy students adopted 4 endangered animals from the World Wildlife Federation
- On the NWEA MAP assessment, over 80% of students demonstrated college readiness in reading and over 87% in math based on the national norms.
- Achieve Charter Academy earned NHA's Eagle Award as a School of Excellence.
- Achieve Charter Academy earned the designation as a school of Excellence, ranking in the 99th percentile, based on the MSTEP assessment.

We are looking forward to another rewarding and successful school year in 2018-19!

Sincerely,

Mrs. Jennifer Conley

Jennifer Conley
