

April 12, 2019

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2017-2018 educational progress for Detroit Premier Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Robin Burrus for assistance.

The AER is available for you to review electronically by visiting the following web site <https://www.nhaschools.com/schools/detroitpremier/> and clicking on the "Annual Education Report" link at the top of the page or you may review a copy from the school's office at your child's school. You may also access the AER by clicking here: <http://bit.ly/2tQ78Ex>

For the 2017-18 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

* Note TSI and ATS definitions were changed for the 2018-19 school year per federal requirements. The new definitions are:

TSI – The school has at least one subgroup performing in the bottom 25% within each applicable accountability index component.

ATS – The school has met the criteria for TSI identification and has at least one subgroup performing at the same level as a CSI school.

Our school has not been given one of these labels.

Detroit Premier was considered one of the top schools serving Detroit students based on 2017 M-STEP results. On 2017 M-STEP, Detroit Premier maintained the same level of proficiency in ELA and slightly dropped in math. Overall proficiency was 31% (3 out of every 10 students) for ELA and 18% (2 out of every 10 students) for math. Our goal is to increase each of these numbers by 5-10% each year. We plan to accomplish this by:

- Interventionist will support in every basic/novice classroom K-5.
- Implement a software-based instructional program – i-Ready.
- A focus on literacy school-wide, with even more emphasis in K-3.
- School-wide Accelerated Reader.
- Grade 3-8 Accelerated Math.
- Utilize a new PLC/Collaborative Planning Model.
- Focus on components of high quality instruction via professional development, observations, and coaching.
- Increase instructional rounds.
- Reading and math fluency tracking, incentives, and interventions.

State law requires that we also report additional information.

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

2017-2018

Detroit Premier Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

The school's Open Enrollment period begins on the first day of the current school year and ends at 5 p.m. on the last day of business in February of the current school year. During this Open Enrollment period, all applications receive equal consideration regardless of the date submitted. At the close of Open Enrollment, all applications received during the Open Enrollment period will be counted. If applications received are fewer than offered seats in each and every grade level, all applicants will be accepted and will receive a notice of acceptance into their respective grades. If the number of applications received exceeds the number of offered seats in any grade level, a random selection process will take place for all affected grade levels. The random selection process shall be open to the public, and the school will notify all applicants of the time and place. A neutral third party person will be present during the random selection process. This

person will not be related to any student, staff member, board member, anyone applying to the school, or an NHA employee. Names will be randomly selected until all offered seats have been filled. Any remaining names will be randomly selected to establish waiting list priority used to fill available offered seats prior to and during the school year for which the student applied. After all eligible names have been randomly selected, the school will add the names of applicants who submitted applications after the Open Enrollment Period in the order in which they were received. The random selection process is open to the public and will be video recorded. In the event of any discrepancy, the video recording will be the official record of placement of students.

Once students are Enrolled and remain Enrolled, they will remain eligible to be Re-Enrolled at the school for successive years without having to re-apply. However, they will be requested to complete a re-enrollment form by the end of the Open Enrollment period showing their intent to Re-Enroll for the subsequent school year. All applicants on a waiting list must submit an application for the following school year during the next Open Enrollment period in order to be considered in the lottery.

In an effort to accommodate parents who have more than one child eligible for enrollment, siblings of accepted and currently Enrolled students are given enrollment priority over children who have no such siblings. Siblings of currently Enrolled students at the school will be drawn first in the random selection process, if one is necessary, for offered seats. In addition, if a child is selected during the random selection process, that child's sibling will be offered an available offered seat or the next spot on the waiting list in his/her respective grade. Though siblings are afforded priority for offered seats, they are not given priority over a previously Enrolled student.

In addition to sibling preference, children of staff members employed at the school working a regularly scheduled minimum of 20 hours per week (at least 0.5 FTE) or children of current board members are given enrollment priority. Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

2016-2017

Detroit Premier Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

The school's Open Enrollment period begins on the first day of the current school year and ends at 5 p.m. on the last day of business in February of the current school year. 2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

2017-2018

<https://www.nhaschools.com/schools/detroit-premier-academy/en/school-operations>

A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2018, the school reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
- Student demographics
- Discipline, tardy, truancy, and attendance rates
- Parent surveys
- Staff surveys and teacher quality information
- Programs and processes data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area

Reading

- Implement writing across the content areas with a focus on the MSTEP writing rubric and Text Dependent Analysis responses.
- Utilize Crosswalk documents to create and modify year-long curriculum plans.

- Implement and analyze the interim assessments which are aligned with state testing.
- Focus on Literacy: If students reading abilities are strong and the foundations of literacy are met, then all subjects should increase.
- Reading Committee: Implementing AR school-wide, implementing incentives for AR, and Reading Night.
- Ready Common Core materials will be utilized regularly in instruction and assessment.
- Triangulate lesson plans around the curricular tool, M-STEP and NWEA data.
- Utilize interventionists to track student data
 - Fluency
 - Sight words
- Utilize i-Ready

Math

- Create daily math workshops off of students NWEA strand objectives.
- Utilize Crosswalk documents to create and modify year-long curriculum plans.
- Implement and analyze the interim assessments which are aligned with state testing.
- Ready Common Core materials will be utilized regularly in instruction and assessment.
- Triangulate lesson plans around the curricular tool, M-STEP and NWEA data.
- Utilize interventionists to track student data
 - Consistent check of Math Fact Fluency

Math Committee: Implementing i-Ready and math drill competitions, math night & planning math PDs.

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

Overall, yes, the SIP provided a level of consistency for the influx of new teachers and teachers new to their positions in the school year. The systems and routines put in place simplified execution and provided for clearer feedback and support.

The School Improvement Team formally reviewed progress against its 2017-18 SIP goals and objectives in spring 2018, as part of its preparation for the 2018-19 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

2016-2017

- Programs and processes Data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area

Reading

- Implement writing across the content areas with a focus on the MSTEP writing rubric and constructed responses
- Utilize Crosswalk documents to create and modify year-long curriculum plans
- Implement and analyze the interim assessments which are aligned with state testing
- Focus on Literacy: If students reading abilities are strong and the foundations of literacy are met, then all subjects should increase.
- Fluency Fridays
- Reading Committee: Implementing AR school-wide, implementing incentives for AR, and Reading Night.
- Ready Common Core materials will be utilized regularly in instruction and assessment
- Triangulate lesson plans around the curricular tool, MSTEP and NWEA data
- Utilize interventionists to track student data
 - Fluency
 - Sight words
- Utilize i-Ready

Math

- Create daily math workshops off of students NWEA strand objectives
- Rotate focus strand every two weeks
- Implement writing utilizing math journals with a focus on the MSTEP writing with constructed responses
- Utilize Crosswalk documents to create and modify year-long curriculum plans
- Implement and analyze the interim assessments which are aligned with state testing
- Ready Common Core materials will be utilized regularly in instruction and assessment
- Triangulate lesson plans around the curricular tool, MSTEP and NWEA data
- Utilize interventionists to track student data
 - Consistent check of Math Fact Fluency

Math Committee: Implementing i-Ready and math drill competitions, math night & planning math PDs.

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

Overall, yes, the SIP provided a level of consistency for the influx of new teachers and teachers new to their positions in the school year. The systems and routines put in place simplified execution and provided for clearer feedback and support.

The School Improvement Team formally reviewed progress against its 2016-17 SIP goals and objectives in spring 2017, as part of its preparation for the 2017-18 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

2017-2018

Over the last two years, enrollment has increased with 745 on count day in 16-17 and 756 in 17-18. The majority of students are comprised of one ethnicity, with Black or African American students as 96.4% of the student population, which is similar to previous years. Less than 1% of the student population are EL students, also similar to previous years. There is a significant portion of the student population that qualify for Free (91%) or Reduced (4%) Lunch in 17-18, which was the same as 16-17. The percentage of IEP students has increased by 1% - 11% in 16-17 to 12% of the student body in 17-18.

Detroit Premier Academy received an overall index score of 51.23 on Michigan's new school Index Rating. The school also outperformed Detroit City Schools in all subject areas. Staff engagement decreased from 81% last fall to 76% this fall. The schools two areas of greatest decline on the survey were Work-Life Balance and Discipline which we have offered multiple professional development opportunities throughout the school year in order to improve these areas. However, on a positive note, Detroit Premier's Employee Engagement score is still higher than the national average. This means that most staff are happy and satisfied at working here. In addition, teacher turnover has decreased which allowed for consistency in meeting expectations. We worked diligently to keep the staff engaged, while still providing students with high level educational experiences. Plans have been implemented and followed through to build a more cohesive unit.

2016-2017

There has been a few fluctuations in the total enrollment numbers since 13-14, with a slight increase in 14-15 and another slight decrease in 15-16, leaving the total enrollment roughly the same in 15-16 (724) than it was in 13-14 (728). However, over the last two years, enrollment has increased with 745 on count day in 16-17 and 756 in 17-18. The majority of students are comprised of one ethnicity, with Black or African American students as 96.4% of the student population, which is similar to previous years. Less than 1% of the student population are EL students, also similar to previous years. There is a significant portion of the student population that qualify for Free (91%) or Reduced (4%) Lunch in 17-18, which was the same as 16-17. The percentage of IEP students has increased by 1% - 11% in 16-17 to 12% of the student body in 17-18.

Detroit Premier Academy received an overall index score of 57.99 on Michigan's new school Index Rating. The school also outperformed Detroit City Schools in all subject areas. Staff engagement decreased from 86% last fall to 81% this fall. Of the main 3 areas that tie into the employee engagement score, each slightly went down from the 16-17 school year – Recommend our school went from 90% to 85%, Happiness in working here went from 89% to 84%, and Thoughts about leaving went from 78% to 75%. However, on a positive note, Detroit Premier's Employee Engagement score is still higher than the national average. This means that most staff are happy and satisfied at working here. In addition, teacher turnover has decreased which allowed for consistency in meeting expectations. We worked diligently to keep the staff engaged, while still providing students with high level educational experiences. Plans have been implemented and followed through to build a more cohesive unit. Areas of concern continue to involve student discipline and compensation. Steps have been taken school-wide and company-wide to address these concerns.

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

2017-2018

Our goal of preparing students for college success has required us to take a unique view in terms of our curriculum. Our goal is to graduate students who have not only had the opportunity

to experience academic excellence, but have acquired the knowledge and skills necessary to be successful in high school and college. What makes our curriculum particularly unique is that it has been developed to support state standards with a college-bound approach.

Our curriculum was developed based on the analysis of standards and assessment experts across the nation, including groups such as National Assessment of Educational Progress (NAEP), ACT®, Achieve, Inc., the Thomas B. Fordham Institute, the National Council of Teachers of English, The National Mathematics Advisory Panel, the American Association for the Advancement of Science, and the National Council for Social Studies. This analysis, conducted by National Heritage Academies, comprehensively researched what students need to know to be successfully prepared for rigorous high school and college educational programming. NHA then worked backward to develop a curriculum that defines the expertise needed by students in kindergarten through eighth grade to enter high school on the path to college readiness. Since college readiness goes beyond academic preparedness, the curriculum not only includes learning goals in core academic and co-curricular areas, but also includes an integrated character development component.

The curriculum's objectives are aligned to those identified by the Michigan Academic Standards: both the Common Core State Standards (CCSS) and the Grade Level Content Expectations (GLCE). Moreover, all students are expected to reach the CCSS and GLCE goals. However, modifications/accommodations are sometimes necessary to ensure learning for all students. This support comes through classroom differentiation, in-class support services, targeted programmatic resources, out of class intervention, and out of school time opportunities—all of which are designed to accelerate student growth trajectories.

The only variance in our curriculum when compared to the Michigan Academic Standards is the addition of a Moral Focus component. We believe great schools develop both a student's heart and mind, and the Moral Focus program is designed to support parents' efforts to teach character at home by reinforcing and modeling universal human virtues, such as compassion, respect, and integrity. This Moral Focus program is explicit and integrated with the school's core curriculum. A different virtue is featured each month of the school year. Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

2017-2018

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2017 to spring 2018.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2018 administration of the NWEA MAP assessment.

2016-2017

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2016 to spring 2017.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2017 administration of the NWEA MAP assessment.

6. IDENTIFY THE NUMBER AND PERCENT OF STUDENTS REPRESENTED BY PARENTS AT PARENT-TEACHER CONFERENCES

2017-2018

Parent-Teacher Conferences			
	Grades	# of Students Represented	% of Students Represented
Fall 2017	K-8	681	90.8%
Spring 2018	K-8	672	93.7%

2016-2017

Parent-Teacher Conferences			
	Grades	# of Students Represented	% of Students Represented
Fall 2016	K-8	562	76.0%
Spring 2017	K-8	704	98.6%

7. SCHOOL YEAR HIGHLIGHTS

- Retained most of our veteran teachers.
- Outperformed the local district on M-STEP by 21% in 5th grade ELA.
- Teaching in Excellence Nominees.
- 6th grade scored 19% higher proficiency than DPS in ELA, and 9% higher in Math.
- Our Proficient Kindergartners scored the following growth in NWEA 2017/2018 - Math 134% and Reading 154%.

We are looking forward to another rewarding and successful school year in 2019-2020!

Sincerely,

Amanda Bauer
