Owner: Joe Nieuwkoop

Start Date: 06/23/2021

Due Date: 06/25/2027

Summary: Accelerated Reader is a computerized supplementary reading program that provides guided reading accountability and instruction to students in grades K-12. It aims to improve students' reading skills through reading practice and by providing frequent feedback on students' progress to teachers. The program requires students to select and read a book based on their area of interest and reading level. Upon completion of a book, students take a computerized quiz based on the book's content and vocabulary. Quiz performance allows teachers to monitor student progress and to identify students who may need additional reading assistance.
