(1/1): Whole School, Whole Community, Whole Child Framework (WSCC)

Owner: Jeff Groggel

Start Date: 12/10/2024

Due Date: 12/01/2028

Summary: "All educators want to improve the work they do for students, their families, and the community. Whether it's instruction, school climate, leadership, family engagement, or any of the other issues schools face on a daily basis, all educators need tools to help them improve their actions and methods. A whole child approach, which ensures that each student is healthy, safe, engaged, supported, and challenged, sets the standard for comprehensive, sustainable school improvement and provides for long-term student success. The Whole Child approach is an effort to transition from a focus on narrowly defined academic achievement to one that promotes the long-term development and success of all children."
