

May 30, 2018

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-2017 educational progress for Walton Charter Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Jennifer Kreger for assistance.

The AER is available for you to review electronically by visiting the following web site <https://www.nhaschools.com/schools/walton/> and clicking on the "Annual Education Report" link at the top of the page or you may review a copy from the school's office at your child's school. You may also access the AER by clicking here: <https://goo.gl/dnjooR>

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

We have had a 1% decrease in both ELA and social studies. To address our goal of increasing proficiency levels in ELA, we will continue to improve our intervention program with increased progress monitoring and incorporate more small group instruction in the classrooms. Teachers will be supported to grow as professionals with weekly coaching with planning and instructional practices.

State law requires that we also report additional information.

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

2016-2017

Walton Charter Academy is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

The school's Open Enrollment period begins on the first day of the current school year and ends at 5 p.m. on the last day of business in February of the current school year. During this Open Enrollment period, all applications receive equal consideration regardless of the date submitted. At the close of Open Enrollment, all applications received during the Open Enrollment period will be counted. If applications received are fewer than offered seats in each and every grade level, all applicants will be accepted and will receive a notice of acceptance into their respective grades. If the number of applications received exceeds the number of offered seats in any grade level, a random selection process will take place for all affected grade levels. Names are randomly selected until all offered seats have been filled. Any remaining names are selected to establish waiting list priority. Applications received after the Open Enrollment period will be accepted until the end of the current school year and available seats will be filled.

Once students are Enrolled and remain Enrolled, they will remain eligible to be Re-Enrolled at the school for successive years without having to re-apply. However, they will be requested to complete a re-enrollment form by the end of the Open Enrollment period showing their intent to Re-Enroll for the subsequent school year. All applicants on a waiting list must submit an application for the following school year during the next Open Enrollment period.

In an effort to accommodate parents who have more than one child eligible for enrollment, siblings of accepted and currently Enrolled students are given enrollment priority over children who have no such siblings. Siblings of currently Enrolled students at the school will be drawn first in the random selection process, if one is necessary, for offered seats. In addition, if a child is selected during the random selection process, that child's sibling will be offered an available offered seat or the next spot on the waiting list in his/her respective grade. Though siblings are afforded priority for offered seats, they are not given priority over a previously Enrolled student.

In addition to sibling preference, children of staff members employed at the school working a regularly scheduled minimum of 20 hours per week (at least 0.5 FTE) or children of current

board members are given enrollment priority. Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

2015-2016

Walton is a state-funded, public school academy. Therefore, there is no cost to attend the Academy. The school is open to any child wishing to attend. Students must be age-appropriate for their respective grade, and they must reside in the state of Michigan.

By law, the school cannot restrict enrollment based on selection criteria. The school can, however, limit the total number of students who may attend the school. If the number of applications exceeds the number of offered seats, a random selection process will determine who attends the school.

The school's Open Enrollment period begins on the first day of the current school year and ends at 5 p.m. on the last day of business in February of the current school year. During this Open Enrollment period, all applications receive equal consideration regardless of the date submitted. At the close of Open Enrollment, all applications received during the Open Enrollment period will be counted. If applications received are fewer than offered seats in each and every grade level, all applicants will be accepted and will receive a notice of acceptance into their respective grades. If the number of applications received exceeds the number of offered seats in any grade level, a random selection process will take place for all affected grade levels. Names are randomly selected until all offered seats have been filled. Any remaining names are selected to establish waiting list priority. Applications received after the Open Enrollment period will be accepted until the end of the current school year and available seats will be filled.

Once students are Enrolled and remain Enrolled, they will remain eligible to be Re-Enrolled at the school for successive years without having to re-apply. However, they will be requested to complete a re-enrollment form by the end of the Open Enrollment period showing their intent to Re-Enroll for the subsequent school year. In an effort to accommodate parents who have more than one child eligible for enrollment, siblings of accepted and currently Enrolled students are given enrollment priority over children who have no such siblings. Siblings of currently Enrolled students at the school will be drawn first in the random selection process, if one is necessary, for offered seats. In addition, if a child is selected during the random selection process, that child's sibling will be offered an available

offered seat or the next spot on the waiting list in his/her respective grade. Though siblings are afforded priority for offered seats, they are not given priority over a previously Enrolled student.

In addition to sibling preference, children of staff members employed at the school working a regularly scheduled minimum of 20 regularly scheduled hours per week (at least 0.5 FTE) or children of current board members are given enrollment priority. Though these children are afforded priority for offered seats, they are not given priority over a sibling, or a previously Enrolled student.

All applications received after the Open Enrollment Period will not be eligible to participate in the random selection process, and will be added to the end of the accepted list if offered seats are still available after the random selection process, or to the resulting waiting list created at the time of the random selection process.

2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

2016-2017

<https://www.nhaschools.com/schools/walton-charter-academy/en/school-operations>

A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2017, the school reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
- Student demographics
- Discipline, tardy, truancy, and attendance rates
- Parent surveys
- Staff surveys and teacher quality information
- Programs and processes Data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area

MATH- We continue to implement our Math Blast program which focuses on math facts, general knowledge, and academic vocabulary for all grade levels. Workshop is used to build extensions

and correctives for math to facilitate student growth. Implementation of daily thinking and problem-solving practice with students. Implementation of RTI five days a week for approximately 30 minutes provided additional assistance to students depending on their academic tier.

WRITING- Writing was embedded in content areas to express ideas in written form to demonstrate student learning in the learning goals. There was an instructional focus to give evidence and explain reasoning across all subject areas in all grade levels.

READING- We continue to use Guided Reading for K-5, as well as reading workshop for K-8 with a focus on comprehension in narrative and informational texts. Our reading specialists continued to provide pull-out for students in the bottom 10th percentile. Reading Recovery program continues to meet the needs of our most at-risk first grade students. Using data, students are grouped for strategic small group differentiated instruction in the classroom. Classroom teachers intentionally plan for over 60% of instruction to be delivered in a small group setting. We use common assessments in our reading program to be able to accurately determine student mastery and growth. This helped determine student learning needs for intervention. The RTI team scheduled each grade level a minimum of 30 minutes a day, five days a week to provide additional assistance to students with a structured instructional tool. We also incorporate the Accelerated Reader program to encourage and motivate students to want to read. Our SPED and EL students continue to work to increase their proficiency levels through this program, as well as an opportunity for individual testing sessions. After school tutoring is for select students that are identified as “at risk” as measured by standardized tests.

SCIENCE AND SOCIAL STUDIES- To address our goal of increasing proficiency levels in science and social studies we use 45-60 minute blocks of instruction for each subject in grades 4-5. Sixth grade will have 90 minutes of science and 45 minutes of social studies daily.

ALL CONTENT AREAS- We continue to implement the formative assessment process by designing instruction to incorporate differentiated instruction and student monitoring of learning. Students receive specific feedback to ensure a growth mindset. We have included implementation of CCSS to our lesson plans and delivery to support our high learning expectations in all content areas. Workshop is included in our master schedule for reading and math to address individual needs for RTI.

Our 2017 Summer Learning Program was a half-day program for 3 days, 4 weeks. The program focused on closing the gap in reading and math through structured teacher planned lessons. We had 4 nights that were designated for parents to bring their students in for tutoring, check out library books, and computer learning. Our programs were designed to reach more students to reduce summer loss.

Class lists for the 2017-2018 school year were designed using an academic achievement strategy. This formation used a triangulation of data to create one homeroom that was above proficiency and the other two were mixed achievement levels for grades 6-8. Our strategy in doing this was to narrow the standard deviation in each homeroom to increase the focus for differentiation.

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

Overall our SIP was used as a working document to improve student achievement. We strategically determined 3 goals and actions steps to reach those goals each 12 weeks. The SIP team met to analyze action steps and create next steps of action. The data from our action steps and the staff feedback shows that our SIP has been successful. We outperformed the local district in all subject tests except one. By implementing the common core state standards, focusing on the essential skills and increasing common assessments in all grade levels; Walton is able to continue to close the gap with the state average. Our students surpassed the state average in eighth grade ELA by 3%. Students demonstrated 65% typical growth with a rate of growth of 121%. Improving the utilization of paraprofessionals in all 3 of the kindergarten classrooms, this helped us meet or exceed 69% growth from fall to spring. The SIP directed our focus and it has helped us improve our strategies to increase student achievement.

The School Improvement Team formally reviewed progress against its 2016-17 SIP goals and objectives in spring 2017, as part of its preparation for the 2017-18 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

2015-2016

<https://www.nhaschools.com/schools/walton-charter-academy/en/school-operations>

A. Describe how data led your School Improvement Team to select your school's improvement objectives in the core academic curriculum

The school's School Improvement Team reviews data formally and informally throughout each school year as part of its continuous school improvement process. In spring 2016, the school reviewed school and student performance data and perceptual data aligned with the Michigan School Improvement Framework. This review included the following data, among others:

- Student achievement on norm-referenced assessments, including Northwest Evaluation Association's (NWEA) Primary Grades Assessment and Measures of Academic Progress (MAP), criterion-referenced assessments (state assessment), and classroom assessments
- Student demographics
- Discipline, tardy, truancy, and attendance rates
- Parent surveys
- Staff surveys and teacher quality information
- Programs and processes Data

As a result of the School Improvement Team's review of data, priority improvement objectives in the core academic curriculum were selected for the upcoming school year.

B. Describe your implementation plan for the core academic improvement objectives identified in your school improvement process. You may choose to describe your overall curricular implementation plan or you may choose to describe the plan in each content area

MATH- We continue to implement an online component to our math workshop model to allow even more individualized instruction. Continue to implement our Math Blast program which focuses on math facts, general knowledge, and academic vocabulary for all grade levels. Workshop is used to build extensions and correctives for math to facilitate student growth. Implementation of an after school tutoring program for select students as identified as "at risk" as measured by standardized tests. Implementation of RTI five days a week for approximately 30 minutes provided additional assistance to students depending on their academic tier.

WRITING- Writing was embedded in content areas to express ideas in written form to demonstrate student learning in the learning goals. There was an instructional focus to give evidence and explain reasoning across all subject areas in all grade levels.

READING- We continue to use Guided Reading for K-5, as well as reading workshop for K-8 with a focus on comprehension in narrative and informational texts. Our reading specialists continued to provide pull-out for students in the bottom 10th percentile. Reading Recovery program continues to meet the needs of our most at-risk first grade students. Using data,

students are grouped for strategic small group differentiated instruction. Classroom teachers intentionally plan for over 60% of instruction to be delivered in a small group setting. We incorporate an online component to our reading workshop model to allow even more individualized instruction. We use common assessments in our reading program to be able to accurately determine student mastery and growth. This also helped determine student learning needs for intervention. The RTI team scheduled each grade level a minimum of 30 minutes a day, five days a week to provide additional assistance to students depending on their academic tier. We also incorporate the Accelerated Reader program. Our SPED and EL students continue to work to increase their proficiency levels through this program, as well as an opportunity for individual testing sessions. After school tutoring is for select students that are identified as “at risk” as measured by standardized tests.

SCIENCE AND SOCIAL STUDIES- To address our goal of increasing proficiency levels in science and social studies we use 45-60 minute blocks of instruction for each subject in grades 4-5. Sixth grade will have 90 minutes of science and 45 minutes of social studies daily. All K-8 students complete a science fair project and a STEM project that encompasses the entire scientific process. This activity incorporates reading, writing, technology, research, and graphing.

ALL CONTENT AREAS- We continue to implement the formative assessment process by designing instruction to incorporate differentiated instruction and student monitoring of learning. Students receive specific feedback to ensure a growth mindset. We have included implementation of CCSS to our lesson plans and delivery to support our high learning expectations in all content areas. Workshop is included in our master schedule for reading and math to address individual needs for RTI.

Our 2016 Summer Learning Program was a half-day program for 3 days, 5 weeks. The program had designated times for parents to bring their students in for tutoring, check out library books, computer learning, and math through team building. Our program was intended to reach more students in a cross curricular method to reduce summer loss. Class lists for the 2016-2017 school year were designed using an academic achievement strategy. This formation used a triangulation of data to create one homeroom that was above proficiency and the other two were mixed achievement levels for grades 6-8. Our strategy in doing this was to narrow the standard deviation in each homeroom to increase the focus for differentiation.

C. Did the SIP do what it set out to do? Describe the evaluation process that led you to this conclusion.

Overall our SIP was used as a working document to improve student achievement. We outperformed the local district in all subject tests except one. By implementing the common core state standards, focusing on the essential skills and increasing common assessments in all grade levels; this helped Walton to continue to close the gap with the state average. Our students surpassed the state average in eighth grade math by 5%. We surpassed all other

charters in 6 categories. Students demonstrated 55% typical growth with a rate of growth of 107%. With improving the utilization of paraprofessionals in all 3 of the kindergarten classrooms, this helped us meet or exceed 77% growth from fall to spring. The SIP directed our focus and it has helped us improve our strategies to increase student achievement.

The School Improvement Team formally reviewed progress against its 2015-16 SIP goals and objectives in spring 2016, as part of its preparation for the 2016-17 school year. A review of student performance data and other data pertaining to the school's selected focus area was conducted in order to evaluate progress toward meeting its goals. Specific data evaluated includes that collected through the state assessment, NWEA assessments, summative assessments, and formative assessments. The evaluation process includes ascertaining the degree to which each goal has been met or what progress has been made toward each goal.

D. Describe how the evaluation of data and the current year's school improvement process led your school improvement team to select your school's improvement objectives in the core academic curriculum for the next school year

See A and C above. Additionally, the School Improvement Team's evaluation of data, as part of its continuous school improvement process, revealed key focus areas for improvement. Identified through the process were specific student performance targets in English language arts, mathematics, science, and social studies.

E. How was this year's school improvement process similar or different from last year's process?

On the whole, this year's school improvement process was similar to last year's process. The School Improvement Team met formally in the spring both to evaluate progress against the prior year's identified school improvement goals and to assess data and identify school improvement goals for the next year.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

2016-2017

Walton Charter Academy is located on the north west side of the city of Pontiac. A vast majority of our 804 students come from the city of Pontiac with some students from the neighboring districts of Waterford, Auburn Hills, and Rochester. Our student backgrounds are diverse. Our student body includes 2% Asian, 12% Caucasian, 38% African American, and 48% Hispanic. 89% of our students qualify for Free and Reduced Lunch. 39% of students are English Language Learners. Unemployment has had an impact on our families. This is a working class community. Parents work many different shifts where extended family members take care of the children. There is a significant amount of single parent families and several families have a parent or sibling incarcerated.

2015-2016

Walton Charter Academy is located on the north west side of the city of Pontiac. A vast majority of our 804 students come from the city of Pontiac with some students from the neighboring districts of Waterford, Auburn Hills, and Rochester. Our student backgrounds are diverse. Our student body includes 2% multi-racial, 2% Asian, 13% Caucasian, 40% African American, and 43% Hispanic. 87% of our students qualify for Free and Reduced Lunch. 29% of students are English Language Learners. Unemployment has had an impact on our families. This is a working class community. Parents work many different shifts where extended family members take care of the children. There is a significant amount of single parent families and several families have a parent or sibling incarcerated.

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

2016-2017

Our goal of preparing students for college success has required us to take a unique view in terms of our curriculum. Our goal is to graduate students who have not only had the opportunity to experience academic excellence, but have acquired the knowledge and skills necessary to be successful in high school and college. What makes our curriculum particularly unique is that it has been developed to support state standards with a college-bound approach.

Our curriculum was developed based on the analysis of standards and assessment experts across the nation, including groups such as National Assessment of Educational Progress (NAEP), ACT®, Achieve, Inc., the Thomas B. Fordham Institute, the National Council of Teachers of English, The National Mathematics Advisory Panel, the American Association for the Advancement of Science, and the National Council for Social Studies. This analysis, conducted by National Heritage Academies, comprehensively researched what students need to know to be successfully prepared for rigorous high school and college educational programming. NHA then worked backward to develop a curriculum that defines the expertise needed by students in kindergarten through eighth grade to enter high school on the path to college readiness. Since college readiness goes beyond academic preparedness, the curriculum not only includes learning goals in core academic and co-curricular areas, but also includes an integrated character development component.

The curriculum's objectives are aligned to those identified by the Michigan Academic Standards: both the Common Core State Standards (CCSS) and the Grade Level Content Expectations (GLCE). Moreover, all students are expected to reach the CCSS and GLCE goals. However, modifications/accommodations are sometimes necessary to ensure learning for all students. This support comes through classroom differentiation, in-class support services, targeted

programmatic resources, out of class intervention, and out of school time opportunities—all of which are designed to accelerate student growth trajectories.

The only variance in our curriculum when compared to the Michigan Academic Standards is the addition of a Moral Focus component. We believe great schools develop both a student's heart and mind, and the Moral Focus program is designed to support parents' efforts to teach character at home by reinforcing and modeling universal human virtues, such as compassion, respect, and integrity. This Moral Focus program is explicit and integrated with the school's core curriculum. A different virtue is featured each month of the school year. Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

2015-2016

Our goal of preparing students for college success has required us to take a unique view in terms of our curriculum. Teachers model behavior that exemplifies the virtue and recognize and praise students when they do the same.

A copy of the core curriculum can be obtained by parents via written request submitted to the school administration.

In 2016-2017, our curriculum is fully aligned and implemented using the Common Core State Standards and the Michigan Grade Level Content Expectations (GLCE) as the foundation.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

2016-2017

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2016 to spring 2017.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2017 administration of the NWEA MAP assessment.

2015-2016

Detailed below is a graph depicting the percentage of students in our school meeting growth targets from fall 2015 to spring 2016.

Detailed below are the percentages of students performing at or above the 50th percentile on the spring 2016 administration of the NWEA MAP assessment.

6. IDENTIFY THE NUMBER AND PERCENT OF STUDENTS REPRESENTED BY PARENTS AT PARENT-TEACHER CONFERENCES

2016-2017

Parent-Teacher Conferences			
	Grades	# of Students Represented	% of Students Represented
Fall 2016	K-8	798	99.3%
Spring 2017	K-8	794	98.8%

2015-2016

Parent-Teacher Conferences			
	Grades	# of Students Represented	% of Students Represented
Fall 2015	K-8	798	99.3%
Spring 2016	K-8	790	98.3%

7. SCHOOL YEAR HIGHLIGHTS

- Increase in Parent Satisfaction for a 74% highly satisfied score and 24% satisfied.
- Math Blast continued again this year, with a majority of our student body achieving eligibility requirements to participate in the day long carnival.
- Reading Recovery for 35 of our most at-risk first graders.
- Staff satisfaction survey for spring 2017 was positive, once again, with a 74% engagement score.
- 6th grade NMU trip continued this year with another successful partnership with our authorizer.
- 8th grade East Coast trip continued this year with four other NHA schools coming along with the goal of adding students to the trip.
- 5th grade Camp Tamarack trip continued to build team building and science skills.

We are looking forward to another rewarding and successful school year in 2018-19!

Sincerely,

Mona Boersma
School Principal
