

Remote Instruction Plan - SL 2021-130

Start of Block: Introduction and PSU Information

Q1 As required by SL 2021-130, PSUs who offer planned remote instruction days are required to submit a remote instruction plan to the NCDPI. Remote instruction plans are to be submitted through the completion of this survey. Only one plan should be submitted per PSU.

SESSION LAW 2021-130 / SENATE BILL 654 AN ACT TO PROVIDE RELIEF TO PUBLIC SCHOOLS IN RESPONSE TO THE CORONAVIRUS DISEASE 2019 (COVID-19) PANDEMIC.

PART III. PUBLIC SCHOOL UNIT CALENDARS FOR THE 2021-2022 SCHOOL YEAR See the <u>FULL TEXT of Session Law 2021-130</u>.

Q2 Enter the following information for the person submitting the Remote Instruction Plan.

First Name	Brandi
Last Name	Gill
Work Email Address	99.bgill@nhaschools.com
Work Phone Number	919-263-8673
Title/Role	School Principal

Q3 Select your SBE Region and PSU/District.

• Q4 Does your PSU wish to utilize remote instruction days pursuant to SL 2021-130 in the 2021-22 school year?

O Yes

O No

Skip To: End of Survey If Q4 = No

End of Block: Introduction and PSU information

Start of Block: 1. Resources for remote instruction

Q5 § 115C-84.3. Remote instruction (d)

(1) Identification of the resources that will be used to facilitate remote instruction.

Start of Block: 4. Staff roles and expectations for remote instruction

Q25 § 115C-84.3. Remote instruction (d)

(4) Establishment of staff roles and expectations for remote instruction days, including teacher workdays, teacher accessibility, and noncertified staff workdays and responsibilities.

Q26 What are the roles and responsibilities of teachers during remote instruction? Select all that apply.

- X Complete administrative tasks as assigned by school administration
- X Complete administrative tasks (e.g., attendance, feedback, communication)
- X Host live synchronous classes via video conference
- X Host small group support sessions via live video conferences
- X Monitor and respond to students' questions via email
- X Monitor and respond to students' questions via learning management system

Other (explain)	

Q27 What are the roles and responsibilities of non certified staff during remote instruction?

- X Attend and assist with live video class sessions with assigned teachers
- X Complete administrative tasks as assigned by assigned teachers
- X Complete administrative tasks as assigned by school administration
- X Host small group support sessions via live video conferences
- X Monitor and respond to students' questions via email
- X Monitor and respond to students' questions via learning management system

Q33 How does your PSU plan to ensure that teachers provide effective, timely feedback to students to ensure continued student learning growth on the standard course of study during remote instruction?*

Our teachers are monitoring and tracking student progress and engagement. Teachers will provide ongoing feedback to students in order to understand and monitor the individual student mastery of the materials. Teachers can provide feedback through Google Classroom. In addition, Gradebook can be used to allow students and parents to fully understand and monitor the growth and mastery that is taking place. Deans that oversee the grade bands will monitor and provide feedback/support to each instructor to ensure timely feedback to students.

Q34 How does your PSU plan to ensure that teachers address and improve instruction on remote learning days based on feedback from students, parents, and guardians?*

Deans will continue to provide ongoing training and support for their teachers through regular one-on-one meetings (O3s). The principal meets daily with the dean team to debrief and discuss any concerns. School administration will observe classroom instruction on a regular basis and in order to assure instructional best practices.

End of Block: 5. Learning targets and learning growth

Start of Block: 6. Remote instruction options for limited connectivity

Q35 § 115C-84.3. Remote instruction (d)

(6) Development of remote instruction options appropriate for teachers and students with limited connectivity capability, including the opportunity for students to download remote instruction materials in advance when practicable.

Q36 How will apply.	your PSU provide remote instruction options for students with limited connectivity? Select all that
	PBS North Carolina At-Home Learning
	PSU will partner with SLNC Adapts grant awardees
	PSU will provide hotspots with data plans for those who lack connectivity
	PSU will provide LTE-enabled devices with data plans for those who lack connectivity
	PSU will provide wifi-enabled buses in the community
	PSU will provide a map of community wifi locations
	PSU will provide paper based/no-tech options
	Satellite internet
	Televised programming: district-created content
	Televised programming: other
	Whitespace
X Othe connect	r (explain)NHA will provide a hot spot for any student in need of internet ivity.
Q37 How will apply.	your PSU provide remote instruction options for teachers with limited connectivity? Select all that
X PSU	will allow staff to work on campus, if possible, for virtual instruction
	PSU will provide a map of community wifi locations
X PSU	will provide hotspots with data plans for those who lack connectivity
	PSU will provide LTE-enabled devices with data plans for those who lack connectivity
	PSU will provide wifi-enabled buses in the community
	Other (explain)
	Other (explain)
End of Block	c: 6. Remote instruction options for limited connectivity

Start of Block: 7. Provisions for students with disabilities in remote Instruction

Q38 § 115C-84.3. Remote instruction (d)

(7) Provision of remote instruction for students with disabilities in a manner consistent with each student's individualized education program (IEP), as defined in G.S. 115C-106.3, or section 504 (29 U.S.C. § 794) plan. Remote instruction supports shall be considered and included, as appropriate for the student, when an IEP or 504 plan is initially developed or at any subsequent review or revision of an IEP or 504 plan.

Q39 What provisions are provided for students with IEP or 504 plans as defined in G.S. 115C-106.3, or section 504 (29 U.S.C. § 794) plan? How will the PSU ensure that remote instruction supports are considered and included, as appropriate for the student, when an IEP or 504 plan is initially developed or at any subsequent review or revision of an IEP or 504 plan? Select all that apply.

X	All materials for virtual instruction are vetted/developed to meet accessibility standards
	EC and 504 students are offered individual homework assistance time via video
CO	nferencing.
	EC teachers attend synchronous video conferences with students' regular education achers and support students with IEP and 504 as needed for virtual instruction.
	EC teachers co-teach with regular education teachers on video conferencing lessons.
the	EC teachers plan virtual instruction lessons with regular education teachers to ensure needs of students with IEP and 504 are met.
	Small group support sessions with EC teachers and EC support staff are offered to all P and 504 students via video conferencing platform.
	Students are provided accommodations and/or modifications during virtual instruction accordance with their IEP/504.
	Students are provided with adapted educational materials and/or assistive technologies accordance with their IEP/504.
□ tea	Students are provided with individual virtual coaching and support by regular education achers or EC support staff.
	Other (explain)
0 P	rovide additional information related to how your PSU will help serve students with disabilities during

Q4 remote instruction. (Optional - No more than 500 characters.)

Students with IEPs and 504s will access the same learning opportunities (print-based and digital) that are offered to general education students. These learning activities and supports will address student needs identified within any IEP, to the extent appropriate. To accomplish this, special education providers will collaborate with general education teachers to ensure provision of accommodations and modifications (when appropriate) that allow students to access learning opportunities.

End of Block: 7. Provisions for students with disabilities in remote Instruction

Start of Block: Annual report

Q41 PART III. PUBLIC SCHOOL UNIT CALENDARS FOR THE 2021-2022 SCHOOL YEAR SECTION 3.(a) Part 2 of Article 8 of Chapter 115C of the General Statutes is amended by adding a new section to read: § 115C-84.3. Remote instruction (e)

The State Board of Education shall report by September 15 annually to the Joint Legislative Education Oversight Committee on the following information related to remote instruction: (1) A copy of each governing board's remote instruction plan. (2) A summary document of the following:

- a. The number of remote instruction days or hours used by each public school unit in the prior school year.
- b. Strengths, challenges, and trends noted by the State Board in its review of how governing boards implement remote instruction.
- c. Any other data deemed by the State Board to be useful to the Joint Legislative Education Oversight Committee in evaluating the use and delivery of remote instruction in emergency circumstances. Public School Units will be asked to provide this information to DPI in order to compile this report each fall.

Q42 What is the total number of remote instruction days or hours used by your public school unit in the 2020-2021 school year? Numbers only

128

Q43 Describe the strengths of your Public School Unit's remote instruction from the 2020-21 school year.

Wake Forest Charter Academy's 2020-2021 Remote Instruction Plan was created in partnership with the school's administration, the Directors of School Quality, and the school's EMO, National Heritage Academies. To simplify the number of technology tools teachers, students, and families needed to learn during remote instruction, the school provided one base platform for student support (Google Classroom). Within Google Classroom, individual instructors had the opportunity to post videos, hold Google meetings, etc. in order to meet the needs of their students. Students submitted their work directly within their Google Classroom. Learning enhancement opportunities included the use of iReady, DreamBox, and Khan Academy. These were systems previously used in classrooms that teachers and students were already aware of how to use.

Every student lesson within each content area contained an "I can" statement and lesson objective assigned to it. These statements and objectives were made available at the beginning of the lesson. The "I can" statement explained what the student should be able to accomplish after the lesson was complete. This provides students the opportunity to gauge their understanding of the materials. Additionally, each lesson included an approximation of the time it should take to complete, sample problems/product, and a problem(s)/product for student completion.

To assist families with technological support, families were given the contact telephone number and email for the school's LTS. Additionally, the school's management partner National Heritage Academies supported each individual school with a 1-800 hotline number for technology support.

Q44 Describe the challenges faced by your Public School Unit during remote instruction from the 2020-21 school year.

Wake Forest Charter Academy faced the challenge of implementing our initial remote platform during the 2020-21 school year. This process included the need to develop policies and practices to support student learning on-line, count student attendance, train staff members to implement the process, and teach students and families how to access and interact within the remote framework.

While this process was challenging, it now allows the school the opportunity to leverage our learning and move forward with remote instruction for the upcoming year with a working model, communication plans, and the physical and virtual tools to implement the design.

End of Block: Annual report

Start of Block: Additional information and acknowledgement - SL 2021-130

Q45 Provide any additional information you would like to share with the NCDPI regarding the PSU's remote instruction plan. (Optional - No more than 1000 characters.)

Q46 Acknowledgement

X As the PSU representative, I acknowledge the requirements of remote instruction per SL 2021-130 and submit the information in this form as the PSU's 2021-22 Remote Instruction Plan. (4)

End of Block: Additional information and acknowledgement - SL 2021-130
