Increase Special Pops Parent Engagement

Status: ACTIVE

Statement: Our goal is to host parent learning events for our Special Populations once per quarter.

Created Date: 12/17/2024

Target Completion Date: 06/15/2028

Strategies:

(1/1): Building Trusting Relationships - Family/District Engagement

Owner: Breanna Gore

Start Date: 01/22/2025

Due Date: 06/15/2028

Summary: Relationships of trust and respect between home, school, and community create the conditions for family engagement to flourish, thereby promoting improved outcomes for all learners. Efforts to engage families and community members must focus on developing trust, which in turn help partners view one another as equals and create the conditions for respectful relationships and partnerships. Developing trusting relationships requires two-way engagement strategies to discuss and understand social norms and cultural capacities that can inform social institutions and families. To support trusting relationships, it is important for districts/schools to establish policies and procedures to promote family engagement.
