About Ivy Camps USA

At Ivy Camps USA, we're passionate about shaping the leaders of tomorrow by inspiring students to explore new passions, embrace challenges, and grow with confidence.

Our after-school programs are designed to spark curiosity, build real-world skills, and make learning fun—long after the school day ends.

With unique learning tracks and thoughtfully designed activities led by enthusiastic instructors, our programs encourage fearless exploration, creativity, and collaboration—all in a supportive and engaging environment. We're excited to bring these meaningful experiences to your child this school year!

Our Values & Priorities:

Foster a caring
global community

Inspire curiosity
and learning

Promote fearless
experimenting

Value people and
encourage diversity

Cultivate success
through fun

WHAT SETS US APART?

Ivy Camps offers a new approach to extended day programming—one that's engaging, enriching, and designed with kids in mind.

Instead of simply extending the school day, our program gives students the chance to explore their interests through themed learning tracks. Every two weeks, they can switch tracks or continue on with new hands-on projects and activities within their chosen theme.

It's all about fun, creativity, and building real-world skills—like decision-making and teamwork—without feeling like more school. Of course, we still include the essentials: homework time, movement breaks, snack, and time to unwind!
