Dear Parents/Guardians

Welcome to 2nd grade! We are very excited to meet you and for us to grow and learn together. In 2nd grade we learn a lot of new and exciting things. It is also an important year as expectations for both behavior and learning are set high.

By the end of second grade students should be able to read at least 100 words per minute. In ELA students will learn about author's purpose, main idea, plot and so much more. In math students will also learn how to add and subtract both 2 and 3 digit numbers with regrouping. We will get to explore money, time and even a little multiplication. Science and social studies will alternate throughout the year and cover lots of fun topics such as maps, holidays, government, plants, space and the human body!

In 2nd grade we have high expectations for behavior in the classroom and it is mandatory in our rooms that students respect each other and the adults. We also will expect all students to be in dress code throughout the year unless there is a dress down day, this includes not wearing CROCS!

We do ask that you please send in the supplies from the attached list within the first week of school so we can establish routines and get student's desks all set for a year of learning! These supplies are very important as we do not have extras to hand out and do need parent support in ensuring the students have what they need. We can't wait to meet you and celebrate all your successes throughout the 2026-2027 school year! **SUPPLY LIST IS ON THE BACK SIDE, PLEASE FLIP OVER!**

Thank you,

The Second Grade Team
