

# PEAK CHARTER ACADEMY

1601 Orchard Villas Avenue // Apex

Although the pandemic had a negative and dramatic impact on schools and students throughout the country, scholars at Peak Charter Academy once again earned an “A” and “exceeded growth” on their most recent school performance report card from the NC Department of Public Instruction.

Peak students outperformed their peers at all local public and charter schools in the area, and Peak is one of only four charter schools in the state, one of which is a high school, whose scholars earned an A and exceeded their growth goals last year.

Peak was also named a national Model School in both 2020 (1 of 15 schools nationwide), and 2021 (1 of 16 nationwide). Additionally, Peak’s Principal, Steve Pond, was named North Carolina’s inaugural Charter School Principal of the Year in 2021. Peak is a public charter school that reports to the North Carolina Department of Public Instruction, is governed by a local, nonprofit

board of directors, and is managed by National Heritage Academies (NHA). Peak has been named a NHA School of Excellence and has earned national recognition in the areas of academic success, attendance, safety, school accountability and employee engagement.

Peak Charter Academy’s successes are rooted in its commitment to engaging all scholars through its unique model of differentiated, tiered, and workshop-based instruction, which offers students the individualized levels of challenge or support they need to be successful. Peak educators focus on building a positive culture that supports their scholars’ social, emotional and academic wellness. It is truly a model for success!

Any scholar who resides in NC is eligible to attend Peak, and its students are never reassigned to other schools. Please visit [peakcharteracademy.org](https://peakcharteracademy.org) to learn more and complete your enrollment application before 5:00 PM on February 28, 2023!
