## ALUMNI SPOTLIGHT

NHA Alumnus, Kevin Kurgat, shared his inspiring story with school leaders, board members, and community supporters at NHA's 30th Anniversary Celebration. His journey - starting in the classrooms of Excel Charter Academy and Grand River Prep High School, continuing to the historical halls of Harvard College, and now conducting research in breakthrough laboratories at the Van Andel Institute - is a testament to what NHA students can achieve.

## NHA IN THE NEWS

We're celebrating 30 years of National Heritage Academies®! It's a journey that began with one school and a bold vision and has grown into an outstanding network of more than 100 public charter schools across nine states, serving over 67,000 students.

Since 1995 NHA has blended academic excellence with character by infusing Moral Focus™ virtues into our curriculum with the mission to make sure every child has access to a quality education. To every teacher, staff member, student, family, and community partner who has contributed to this legacy, thank you for helping transform lives through education. Here's to the next 30 years of growth, discovery, and shared success!

## MORAL FOCUS

[NHA's Moral Focus™](#) virtues have been brought to life at NHA schools! With mascots like Ollie the Owl who represents Wisdom, our mission is to build character in each of our scholars that will last a lifetime. See how these adorable characters have found a home in our NHA schools and in the hearts of our students. [Read more](#)

What Moral Focus™ virtue resonated the most with you?

**Tell us about it!**

## NHA SCHOOL HIGHLIGHTS

NHA schools welcomed grandparents for a special Grandparents' Day Celebration! What better way to embrace September's moral focus virtue, Wisdom, then with a fun-filled, multi-generational event filled with activities, refreshments, and an invaluable connection to family.
