A Premier Café Experience

SLA is ready to give your child an exceptional campus café dining experience. We are here to provide students with the best 30 minutes of their day through healthy, delicious meal options, served by a friendly, caring team.

OUR FRESH APPROACH

Chef Inspired Meals We use only high quality, fresh ingredients in virtually all our scratch prepared daily menu offerings.

Locally Sourced, All Natural We use fresh, locally sourced, natural ingredients as they are available.

Offered Fresh Daily We offer a selection of fresh fruits and vegetables, as well as fresh-baked breads daily.

Dietitian Approved Food Every dish we serve is approved by a registered dietitian, including vegetarian-friendly items that are a regular part of our menu.

COMMITTED TO OUR COMMUNITY

Environmentally Friendly We completely eliminated Styrofoam containers by switching to compostable lunch trays.

Green Cleaning We switched to all-green, environmentally-friendly cleaning solutions in all of our kitchens.

Giving Back We proudly find ways to partner with our schools and provide them with resources they need to better their community.
