We highly encourage you to label all your students' belongings along with writing the subject that each notebook corresponds with. This avoids any issues within the classroom as to what belongs to who. Each student is asked to bring in 100 pencils each. These pencils will be contributed to the community classroom pencil bin. These, along with tissues and hand sanitizer, are the only items that will be shared within the classroom. As you can imagine, this supply runs low quickly as we delve into the school year. Your contribution is greatly appreciated.

Dear Families,

We'd like to welcome you and your scholar back to school! We are looking forward to a fabulous year. This letter is to familiarize you with a few of our fifth-grade classroom expectations and policies.

Fifth grade students will need to use a planner. This is a great way of keeping the lines of communication open between school and home. It is your child's responsibility to check the homework board and fill out his/her planner at the beginning of each day. It is required that the assignment book is reviewed and signed by you every evening and returned by your child the next morning with the completed work.

The social and academic development of each child is of the greatest importance. We will do everything we can to make the fifth grade a pleasant and exciting place where all students can learn and develop positive self-concepts. If you can contribute any extra information about your child's strengths or needs, please feel free to bring these to our attention. Here's to an exciting, challenging, and successful fifth grade year!

Thank You!  
The Fifth Grade Team
