Dear Scholars and Parents/Guardians,

Welcome back and welcome to Middle School, Parents/Scholars! I hope your summer vacation was fun-filled, exciting, and relaxing! As we gear up for the upcoming 2023-2024 school year, I would like to take this opportunity to introduce or (re)introduce myself to each of you; outlined below are the expectations for our ELA class, and an overview of the English Language Arts (ELA) curriculum.

I AM...

Ms. Hanserd, and I am excited to be your ELA teacher for the 2023-2024 school year; this is my seventh teaching year at Flagship. I have a deep passion for helping students develop their reading, language, writing and communication skills. I believe that a strong foundation in ELA is necessary for success in all areas of life, and I am committed to ensuring that each student reaches his or her full potential. Middle school is an important time in an adolescent's social and academic growth as you switch classes and face new challenges. I look forward to helping scholars reach those sociable and educational goals for the upcoming school year.

IN OUR ELA CLASS...

we will focus on four main areas: reading, writing, language, and speaking/listening. Through engaging and diverse texts, we will explore various literary genres, analyze characters and themes, and develop critical thinking skills. In addition, we will work on improving writing skills by examining and practicing various types of writing by crafting narrative, informational, and argumentative essays, while enhancing grammar and vocabulary usage. Let's make this a remarkable year of learning, growth, and exploration.
