## **4<sup>th</sup> Grade Welcome Letter**

**Dear 4<sup>th</sup> Grade Families,**

**The 4<sup>th</sup> grade team looks forward to the upcoming 2018-2019 school year! We want this year to be a positive experience for both you and your child. We recognize the important role that communication among families, students, and staff plays. We believe it is essential to achieve student goals, and we anticipate making those connections!**

**Fourth grade is a time your student will learn more independence, and be able to gain greater responsibility as a student and community member. Your student will be delving deeper into many topics they have already familiarized themselves with in years past. They will also explore many new content areas such as pre-algebra, magnetism and electricity, and comparing text to visual presentations.**

**We look forward to creating an environment where students can be themselves and learn! Respect, honesty, and kindness will be the keys we use to unlock the door to knowledge!**

**The 4<sup>th</sup> Grade Team**
