Mandatory for students in Kindergarten, 1st, 2nd, and 3rd Grade Only. The transportation provider is not legally responsible to insure that anyone is at the bus stop at the time a student is discharged from the school bus. However, it is a best practice to transfer custody of students in grades K-3 directly to a responsible adult at the bus stop. In practice this means that if an authorized adult is not at the stop at the scheduled drop-off time, the student will not be permitted to exit the bus and will be returned to the school until an authorized adult can be located.
